

PERFECT TOUCH TRAINING CURRICULUM FOR BEGINNERS

Our training course is designed to introduce beginners to the fundamentals of Permanent Make-up. It is formulated to guide the student through learning the ins and outs of the business. The course requires that each student has at least 100 hours training (including 20 hours at home studies. Some studies will be assigned by the instructor during training.). Our beginning class features lectures, live demonstrations by the instructor, hands on practice with several different textures and materials, as well as human skin. A review class is given to insure the student will pass the written exam, and one-on-one procedures are performed by the student on live models (instructor is present throughout the entire hands-on training).

ON-YOUR-OWN: AT HOME STUDY: **20 HOURS**
 On-line Bloodborne pathogens standard class.(<http://eduwhere.com/team/index.php?groupID-165>) **4 HOURS**

Client Preparation

- Greeting
- Escort to treatment room
- Remove “dangly” jewelry
- Drape with a clean cover-up
- Cover hair with surgical bonnet
- Clean area of skin to be treated and apply topical anesthesia.
(Discuss the different types and when to use them)

Eyeliner, Eyebrows, Beauty Marks:

5 HOURS

- Eyebrow procedure: How to create a flattering brow design for the individual. Use practice material at first. Graduate to Hands-on with live models.
- Eyeliner procedure: How to design a flattering design on the individual. Work on practice material and graduate to hands-on live models

Lip liner:

2 HOURS

Lip liner is discussed lightly. Beginning students are introduced to basic lip liner design, grips etc. Due to the great number of unfavorable results in the lip lining arena, we believe that lip liner services should be performed by practitioners who have had an advanced training course in lip color application (We offer this advanced training course). There is not nearly enough time in the beginning class to adequately cover the necessary material of the lip liner procedure.

Business Set-up:

1 1/2 HOURS

- Marketing and Advertising
- The importance of insurance and where to acquire it
- State and Local government regulations

1 1/2 HOURS

1 HOUR

1 1/2 HOURS

TOTAL HOURS WATCHING LIVE DEMONSTRATIONS AND ASKING QUESTIONS
