

STANDARD HURRICANE-READY SYSTEM

When the grid goes down, your power doesn't have to. Our Hurricane-Ready Solar System is designed specifically for Florida homeowners who want peace of mind during hurricane season and beyond.

Featuring (24) Q Cell Q.Tron 440W Solar Panels, a powerful 18kW EG4 Hybrid Inverter, and a high-capacity 14.3kWh PowerPro Wallmount Battery, this system keeps your critical home loads running—from refrigerators and lights to security systems and essential devices. Whether it's a blackout, storm, or emergency, you'll have clean, reliable backup power when it matters most. Built for resilience. Engineered for Florida.
