CLASS # 1 - DARK AOB

VSS ID #	PLACE	EXHIBITOR	CLUB	JUDGES COMMENTS
1100	1	Isabella Navarro	Coolidge 4H Clovers	Your hog has the most shape and expression in this class with good rib shape and good structured. I would like to see a higher head carriage.
1206	2	Tanner Lopez	Casa Grande FFA	I love how square and true this one travels when viewed from behind. When compared to our class winner, you just give up some look up front and top shape.
1207	3	Tanyon Volk	4-H Clovers	good job bud!! I think your pig has plenty of power, but it needs to relax its top on the move and needs to be a notch longer necked
1063	4	eliah abbott	maricopa trailblazers	video was a little grainy but I like your pigs length, but to balance up a little better it needs more base width and rib shape to go along with its length.
1193	5	Salynger Peterson	Florence FFA	You are going to round out this class. I love how tall shouldered and extension your hog has up through its front 1/3. Just needs a lot more base width and muscle to compete with the others.

CLASS # 2 - DARK AOB

VSS ID #	PLACE	EXHIBITOR	CLUB	JUDGES COMMENTS
1059	1	Diesel Tracas	Casa Grande Big Hogs 4-H	nicest balanced hog in this class, congrats. Struggles to much out of its front end and would like it to be stronger on its front pasterns
1187	2	Ressa Rowley	Valley Farms 4-H	tons of power in this hog, and love the rib. Too short strided, otherwise could of won this class. great showman!!
1077	3	Ethan Mitchell	Casa Grande FFA	Love the profile of your hog, just wished she had more rib shape and base width.
1171	4	Naya miller	Maricopa Trailblazer	Long and stout for sure, with plenty of bone. With that added length I would like to so more rib shape.
1151	5	Madilyn Miller	Casa Grande Big Hogs	Obviously this hog a ton of muscle, but he just doesn't have the skeleton to support it. He is to short bodied. low fronted, and tracks outside of himself when going away.

CLASS # 3 - LIGHT AOB

VSS ID #	PLACE	EXHIBITOR	CLUB	JUDGES COMMENTS
1188	1	Revin Kane Larson	Casa Grande Big Hogs	Wish I could of saw this one in person. Cool, cool, cool. Wins this class going away for me. stout, sound, and plenty of muscle. I would like to pick his head carriage up a nickel. Congrats bud, I like that one a lot!!
1146	2	Lourdes Costales	Casa Grande FFA	Way cool gilt here. Love her neck design and she has plenty of power. I just wish she was stronger on her front pastern.
1062	3	Dylan Lopez	Casa Grande FFA	Plenty of muscle in this one, just gets a little wasty in its jowl and lower 1/3 to move up any higher.
1196	4	Sergio Pinon	Casa grande FFA	This was a good class, with not a bad hog in the bunch, so dont feel to bad for being 4th. your hog balances up real nice from the side. This one needs more top shape and it gets a little stiff off its hind two for me.

CLASS # 4 - DUROC

VSS ID #	PLACE	EXHIBITOR	CLUB	JUDGES COMMENTS
1173	1	Nicholas Plank	Kearny koyotes	first off, excellent job with skin and hair, and very good showman. won this class handily, tall shouldered, good fronted, with enough rib and muscle. I would like to see a notch heavier boned and he wants to close up a bit in his chest.
1013	2	Anthony Vance	Goldmine farms	Nice, complete, well balanced hog. Probably didn't have the extra look and extension that the class winner had.
1210	3	Tatum Henry	Valley Farms 4-H	Love the front end in this rascal, just wish he had more rib.
1088	4	Gus Adams	Combs FFA	Leaner than the last place hog, but struggles too much for me off the front end and too restricted off its hind wheels.
1174	5	Oliver Adams	Bella Vista	I'm guessing a pretty easy feeding one here and he probably looked better a month ago. This one needs to be leaner and travel better off both ends.

CLASS # 5 - DUROC

VSS ID #	PLACE	EXHIBITOR	CLUB	JUDGES COMMENTS
1110	1	Jake Myers Jr.	Valley Farms 4-H	the video was really grainy compared to others, but the look and design of this one is cool. Awesome head and neck with plenty of power and travels good. I cant tell if this one has enough rib, but I still think it needs to start the class.
1202	2	Sophia Josephine Barriga	Queen Creek FFA	From this ones shoulder back there is a lot to like. For me I would like to see her head come a little higher out the top side of her shoulder and lay her shoulder back at more of an angle. She gets a little to straight shouldered. Otherwise she wins this class.
1163	3	Michelle Galloway	Valley Peaks Junior Livestock	Good fronted gilt here. just wish she had a little more muscle and didn't come in at her knee.
1083	4	Francisco J. Cornejo	Casa Grande FFA	Nice profiling hog, this one is just the lightest muscled one in the class
1148	5	Lynde Adams	Bella Vista	This one is going to be 5th. just to much fat cover and it struggles to much off its front end. I'm guessing it looked better 30 days ago, then it does now.

CLASS # 6 - DUROC

VSS ID #	PLACE	EXHIBITOR	CLUB	JUDGES COMMENTS
1000	1	Abigail Myers	Valley Farms 4-H	this video was really grainy, but I still think this one puts the most good things together. Love the head and neck and how tall shouldered this one is. Moves around with ease. I just cant tell from the video if this one has enough lower rib.
1120	2	Julisa Volk	Coolidge Clovers (4-H)	just a darn good hog here. has more rib than my class winner, but gives up some top shape and neck extension.
1042	3	Cheerie Kisto	Coolidge FFA	plenty of muscle in this one. I would like to see him leaned up a bit, and longer/prettier fronted.
1099	4	isaac abbott	maricopa trailblazers	big one here, that I'm sure has grown good for you. Probably past his prime and he is a little nondescript down his top. Video was pretty grainy, hard to tell to much. Isn't as flashy as the ones on top of the class.
1177	5	Owen Adams	Combs FFA	this one is just over done. it needs leaned up a lot and struggles too much off both ends of its skeleton for me. I do like the rib shape.

CLASS # 7 - DUROC

VSS ID #	PLACE	EXHIBITOR	CLUB	JUDGES COMMENTS
1150	1	Madi Coates	Valley Peaks Association	first off, very good showman and excellent work on skin and hair. You won this class easy. nice balanced complete type of hog. I would like to see him stronger on all four pasterns
1139	2	Lauren Rowley	Valley Farms 4-H	I could tell you spent a lot of time working with your hog. it does not go unnoticed. love how tall shouldered and extended this one is, just wish it had more rib shape and was a little longer hipped.
1215	3	Will Shearer	Casa Grande Big Hogs	video is pretty grainy, but I think there is a lot to like about this hog. plenty of rib and muscle. Needs to be a bit taller shouldered and longer necked.
1022	4	Ayanna Corralejo	Valley Peak	plenty of rib and muscle just needs to be prettier up front.
1114	5	Jeremiah Dodge	Bella Vista 4-H	Keep up the good work, bud. this was a tough class. yours was leaner than most and I appreciate the length of side. I just wish she had more rib shape and was more expressive in her muscle pattern.
1186	6	Remi Reyelle White	Valley Farms 4H	I'll be honest, the video quality that came through was too grainy, compared to everyone else and too short for me to get a good read on this hog. sorry.

CLASS # 8 - HAMPSHIRE

VSS ID #	PLACE	EXHIBITOR	CLUB	JUDGES COMMENTS
1071	1	Emma Myers	Valley Farms 4-H	I'll be honest, watching a video of a video is not easy. but with that said, this guy dominates the class in terms of muscle, bone, and look. I would like to pick up his front pasterns.
1158	2	Maria Galloway	Valley Peaks Junior Livestock	great job with skin and hair. I like this hog a bunch, he needs opened up underneath and even then I still don't think he would get around the one that won this class, he was darn good.
1176	3	Olivia Vance	Casa Grande Big Hogs	good job with your pig. A nice complete hog with enough rib and muscle. For me, it runs downhill a bit, and needs to be longer necked, when compared to the top two.
1189	4	Rhyann Navarro	Valley Farms 4H	This one has plenty of muscle in this class, it just needs more flex and cushion off its back right leg, to move up any higher.
1093	5	Hailey Weese	Country Kickers	first of all, great showman, and good job with skin and hair. That is why it is hard for me to place you 5th. It was a tough class. I love your pig from the side, but he just doesnt drive at me and go away with enough base width. He just needs opened up and more muscle.

1208	1	Taryn Hamilton	All American Show Kids	Man, I would of loved to see this hog in person, what a beast!! The type of livestock I like everyday all day. Sasquatch footed, monster boned, and gorilla backed!! I wish he was a nickel longer necked, but that dude is way good. congrats!!
1136	2	Landen Vance	Casa Grande Big Hogs	Just a nice balanced gilt here. Doesnt blow you away in any one area, but not a lot wrong either. A darn good one beat you.
1097	3	Hudson Myers	Country Kickers 4-H	I think this pig has enough muscle and bone, just needs to be longer necked and stronger on its front pasterns.
1134	4	Lainee Decker	Coolidge Clovers	your pig has enough muscle it just needs to balance up a bit better for me. It wants to run downhill. and is steep out its hip.
1162	5	Merrick Wallace	Florence FFA	You are going to be 5th. Just guessing here but I bet your pig has been sick/stopped eating and hasnt grown the best for you. The pieces are there and I bet when it was younger was darn cool. Today he is just gives up too much weight.

CLASS # 10 - HAMPSHIRE

VSS ID #	PLACE	EXHIBITOR	CLUB	JUDGES COMMENTS
1195	1	Santos Olivarez	Big Hogs	These top 2 were so close, would love to see them in person. I would of like to see both of these stride out a bit longer off there hind wheels, but your middle 1/3 and rib shape got you the win.
1072	2	Emma Nixon	All American Show Kids	These top 2 I would like to see in person and is the closest decision yet. Both of these hogs have plenty of muscle and look. To me yours gets a little flatter sided and doesn't reach out as far off its hind 2 as I would like to see.
1107	3	Jacob Thomas	Casa Grande Big Hogs	on the stand still yours look like the ones I placed 1 and 2. However once we set yours in motion it is to short strided for me.
1119	4	Joslyn Chorley	Signal Peak Jr Lifestock	A darn good hog to stand 4th, but there was some heat in this class. yours is just a bit moderate for me and I wished it tracked a little squarer and truer off its rear left leg. but man this is a good hog.
1036	5	Brooklyn Webster	Desert Dust Devils 4-H	plenty of muscle hear, just doesn't have enuough bone and structurally needs to walk more comfortable and be stronger pasterns.
1220	6	Zaedee Volk	Coolidge Clovers (4-H)	Darn tough class and it looks like your got nicked up a bit on its front right leg. I like the length of your hog, just needs more rib shape to move up any higher. Toughest class yet!!

1095	1	Hannah O'Neil	Casa Grande Big Hogs 4-H	Freaky fronted one here for sure. definitely dominated the class in terms of look and design. with plenty of muscle to go along with it. Gets a little cresty on top side of neck and would like to see a little more spring of rib.
1055	2	Danielle Porten	Goldmine Farms	A nice balanced hog that doesn't blow you away in any one category, but hard to pick a hole in also. gave up a little look to class winner.
1111	3	James Felix	CG Big Hogs	Like the body in this one and rib, gets a bit narrow chested for me and too straight shouldered.
1031	4	Brody England	Signal Peak Livestock 4-h	I like the body in your hog, it just runs down hill to me and is a little short necked.
1009	5	Andrew Porten	Goldmine Farms	tough class of yorks, yours has plenty of muscle, it just gives up to much structurally, weak front pasterns and bowes too much in rear legs.

CLASS # 12 - YORKSHIRE

VSS ID #	PLACE	EXHIBITOR	CLUB	JUDGES COMMENTS
1184	1	Rayson Larson	Casa Grande Big Hogs	Most complete hog in the class, gives up a nickel muscle to others but is way sounder.
1144	2	Lilly Thomas	Casa Grande Big Hogs	Heaviest muscled one in the class, just needs loosened up off the rear 2.
1069	3	Elle Lara Wiles	Big Hogs	has a lot of muscle, but to many little things I would change, pasterns, cresty on top side of neck and needs to take longer stride off left rear leg.
1065	4	Elizabeth Hesche	Goldmine Farms	nice hog that needs a little more top shape and cleaner fronted. Sorry about the skin irritation, been there, done that. We use penicilin and udder balm.
1117	5	Jose Granillo	Valley Farms 4-H	plenty of muscle in this one. Problem is just doesn't have the frame to handle it. Too low fronted and walk outside himself from behind.

1017	1	Ashton Redd	Big Hogs 4-H	good solid class winner. soundest one in class, gets a little short necked, but so did the others.
1167	2	Missey Galloway	Valley Peaks Junior Livestock	If this one was a little longer necked and busted open underneath, you would of had a class winner.
1109	3	Jagger Navarro	Valley Farms	sounder and more rib than the hogs in 4th and 5th, not enough look to get into top 2.
1121	4	Kaden Ramone VonRonne	Casa Grande Big Hogs	good solid hog, just needs to have more look, gets a little flatter sided as well.
1087	5	Gunnar Henry	Valley Farms 4-H	plenty of muscle but its hip is too steep and needs more flex off rear 2

1079	2	Eugene Kirk Tsabetsaye Jr.	Casa Grande Big Hogs	nice look from the side, needs a bit more rib shape.
1098	3	Ian Elliott	Casa Grande Big Hogs	Cool fronted one with plenty of muscle, just gets a little flatter sided for me.
1025	4	Brandson David Gerardo Barriga	Desert Dust Devils	tough class, and to be honest your hog was hard to get a read on through video. look like it is plenty stout and has more than enough muscle. some other hogs in class were just a bit nicer profiling and better necked.
1211	5	Taylor Elliott	Casa Grand Big Hogs	Tough, tough class. I wish your hog had a little more expression in its top, and had a better head carriage.
1047	6	Conor Galloway	Valley Peaks Junior Livestock	ran into a tough class here, yours just didnt have enough muscle or base width.
