

A WEARY WORLD: Week Three

EMBRACING PARADOX

Wednesday: Peace and Chaos

This book was written just a few months into the Covid-19 pandemic. The passage today relates the unknowns of how this event will impact our lives moving forward. The reading reminds us what peace is, and what peace isn't. The truth is laid out that peace is never guaranteed in life. Author Kathy Escobar explained she defines peace after a greeting card saying she once bought, "Peace doesn't mean the absence of noise, trouble, or hard work. It means that in the midst of those things you can still have calm in your heart". How are you keeping calm in your heart currently? Are there situations in life that are more difficult for you to experience peace than others? If so, refer to the paragraph on the bottom of page 65 to help guide you through difficult times.

"Peace means that in the middle of the storm we can be strengthened by God, by something bigger than us, by the comfort and presence of the Holy Spirit, the Prince of Peace-and that we can be rooted, grounded, and tethered in the midst of chaos."

Today's Reflection

How are you finding peace during chaos?
