COMPLETE SPONSOR MANAGEMENT

Sponsr has dozens of background checked and approved community businesses. Sit back and let us handle the work! All we ask is that you help encourage participation. Each player earns their own way by finding supporters.

NO PURCHASE NECESSARY

Local companies love to sponsr kids instead of door knocking, robo calls or high pressure sales. They care about their customers and you will see that difference. Supporters information is completely confidential and never sold. See the future of getting quotes or consultations for services you need.

DONATIONS COME FROM SPONSORS

Companies give back to youth for the opportunity to meet with potential customers. Kids earn \$ by getting family, friends, and fans to get a quote or bid.

WE TRACK YOUR CAMPAIGN

Every completed Sponsor introduction earns a donation for the youth organization. Group and individual metrics will be tracked and reported.

WHAT'S IN IT FOR SPONSR

Sponsr is compensated only by the sponsors to administer the program and coordinate the connections. We are their sales agency, who cares.
