

SURF & TURF THERAPY

Surf & Turf Therapy

Horse and Patient Sponsorship Opportunities

Surf and Turf Therapy is a 501c3 nonprofit organization committed to bettering lives through non-traditional therapeutic activities. Physical, occupational and speech therapy services target functional goals using non-traditional approaches, including surfing and horseback riding. These unique techniques offer unparalleled opportunities to address deficits in strength, balance, body awareness, and language. The focus of treatment is on improving daily life skills, such as walking, talking, and writing, rather than simply teaching individuals how to surf or ride. Family and friends are invited to join in treatment sessions, with therapy emphasizing functional, fun, and inclusion-based treatment approaches.

Individuals are never turned away due to inability to pay, with financial assistance available to individuals based on need. Fees alone are not enough to cover program expenses, so everyone is effectively receiving a rate reduction, with 25% of our current caseload receiving additional financial assistance, covering up to 100% of fees. Currently we have four full time horses in our herd and three part time, who help us provide more than 70 hours of therapy each week!
