

## Shutter Repair Pricing - Count your broken connector bars/sections

### Shutter Repair Pricing - Count your broken sections/bars

4 shutter panels.  
8 section, or 8 connecting bars.

### Shutter Connecting Bar Repair Pricing

Repairs are priced per connecting bar  
In home repairs **\$25 per bar / minimum \$125**  
Repairs at our shop **\$20.00 per bar / No minimum**  
Includes connectors

### Disclaimer

Vinyl shutter are normally warranted for lifetime, however, packaging and shipping is not covered by warrantee and would become cost prohibitive, cumbersome and inconvenient.

Our minimum in home service call is \$125. Therefore it would be wise to have more than 5 broken connector bars for best value. If only a couple are in need, wait. More are likely to break. They get brittle over time, especially if they are in high heat or strong sun exposure or age.

When we repair a broken connector on a bar, we replace **all the connectors on that bar**. Added value for you.
