## 832's Heroic Hound Of The Month

Our heroic hound life saving adventure for this month features 832's Aleck William Wallace (Aleck) who works with his handler firefighter Mike Campbell in South Plainfield New Jersey.

Recently they were called to help locate a missing suicidal man that had walked out of the pharmacy with his prescription for Oxycodone. He had lost his son just a few days earlier, and was despondent. Once outside of the store he opened the bottle and took the entire contents then said goodbye to his wife who was with him.

The man walked off behind the building and went missing and a call for help went out to our team. Mr. Campbell obtained a scent article from the man's home and returned to the pharmacy to begin Aleck on the trail. Aleck took off immediately in the same direction the missing man's wife said he went, trailing along the train tracks 2 blocks leading into an alley way. Aleck made a right turn going 20 to 30 feet, then to a set of stairs where the man was laying on the 3<sup>rd</sup> and 4<sup>th</sup> step when Aleck alerted on him. Medics were called and they administered 2 dosages of Narcan to bring the man to.

Not only was this a direct find for 832's Aleck, but he also saved the man's life by doing what he loves to do and that is to find missing people. All of us in the organization are so proud of the outstanding work and dedication of Mr. Campbell and Aleck as they continue to put their lives on the line everyday. They are truly making a difference in their community and surrounding areas helping to save lives finding lost children and adults.
