Cabot Elite Networkers Scholarship Goals

- Students looking to do things such as welding, trucking, beauty, technical school, entrepreneurship or even selling goods or services that you already provide in your high school career; we would love to help you continue your dream.
- We want to see all students succeed but we will have an emphasis on the entrepreneur's applications. Maybe you dream of continuing your electrician or plumbing experience to take over your dad's business one day or it's a beauty or spa up on the corner you're dreaming of.... Several of us are successful business owners and we want to help support and pass along that success to the future generations out of Cabot, Arkansas.
