One of the greatest gifts that can be given to our loved ones
is to be well prepared to die; to rest in peace physically & spiritually.
This means to first reconcile ourselves to death and
to thoughtfully and intentionally create ways to share
"the learnings, not just the earnings" of our lifetime;
to create a living legacy known as a spiritual or ethical will
to bequeath to those most precious to you.
This gift includes preparing a Wake, Rite of Christian Burial or
Farewell Ritual of Good Byes.
And finally, exploring and creating a deeply meaningful life,
a life well worth living, that will last for the rest of our days.
