- **Business:** PVFD – Craig Delarm couldn't make the meeting, but he is the new Fire Chief. We had a meeting today with Oregon State Fire Marshal's. They informed us that there were no reports submitted to them between 2023-2026, for the grants that the fire department had. The auditor informed us we need to send them pay stubs or any time records or receipts of any kind. Keith took some blame on responsibility but Dustin Withers kind of dropped the ball on not getting the reports to them. We are moving forward with getting all the info OSFM may need. The city is deemed at high risk now because of the non-reporting, Amy Davis said she would ask Robert has any receipts of things bought for the FD. The monies should have been at least done on a spreadsheet so we could see where the money was going.

The fire department needs to look at doing some fundraisers to bring in some more funds. The cost of insurance alone is over 7k. Amy Davis is going to look into putting some fundraisers together and get back to us.

- Options for a new lawyer, Keith, said he has someone he is going to call and see exactly what he wants as a contract with the city. Someone mentioned that we steer clear of any lawyers out of Lakeview.
- Water Survey; Eugene Beachler updated the council on our water survey we had from OHA. We had a few little deficiencies, and he addressed those and took pictures of that and sent them to Russ with the OHA. All the paperwork was logged properly and things went well. We should be getting a summary report. Arsenic levels are better, so we are down to samples once a year.
- Keith informed everyone about reaching out to Nick Ducote about drafting a proposal for paving the roads in Paisley. We are hoping to get started on that soon.
- Gary Clark informed us that the lot line paperwork is at the lawyer's office now.
- Amy Davis mentioned Glee Martin was interested in being the committee head of the Mosquito Festival. Keith said a thought crossed his mind about getting rid of the MF, and do some other fundraiser instead, everyone thought that was a good idea. Keith wants everyone to keep that in mind, and we will talk about it again in the future.
