The Durapac logo, featuring the word "DURAPAC" in a bold, sans-serif font. The "D" is stylized with a red and blue square icon to its left.

The Safe D Lock® jack is a revolutionary design with the operators safety paramount. It is a lifting jack and rated vehicle jacking stand for heavy mining vehicles. The addition of the POWERDRIVE transforms the Safe D Lock into a self-propelled jack.

SAFE D LOCK POWER DRIVE SAFE, EASY, RELIABLE

PATENTED FAIL SAFE

The jack uses patented oil-bathed internal locking quadrants that are constantly energised during the lifting process to give a fail safe operation.

MECHANICAL QUADRANT LOCKS

The jack uses patented oil-bathed internal locking quadrants that are constantly energised during the lifting process to give a fail safe operation.
