MARY SELMA VALDAMBRINI  
STEPHANIE NIGRO

## LET'S TALK!

We would like to invite you to have a coffee in our office, to get to know each other personally and also to get to know a little of our work!

Our proposal is to offer a transparent partnership that can accelerate the success of your sales!

Do not expect the client to be on the verge of closing the deal to have our advice!

We can build a trustful partnership in the areas of architecture and interior decoration, building loyalty to you and your client.

There are many doubts about who is looking for a property, both residential and commercial, small or large, in the plant (pre-construction) or newly built

Our partnership can be decisive in the negotiation process!
