Ice Cream Cones -Color by number ice cream cone

Ice Cream -Follow the lines to practice fine motor skills

-Watercolor painting a dragonfly- use your water color paints to make a nice dragonfly.

-The Hungry Caterpillar -Pattern -complete the pattern by coloring in the circle next to the picture that comes next.

-The Hungry Caterpillar- Numbers- cut out the squares with numbers and match them with the pictures with the same numbers.

-The Hungry Caterpillar - line tracing

-Bug Graphing- count how many ladybugs, bees and caterpillars and color in the graph.

-The Very Hungry Caterpillar name building- write the letters of your name one at a time on the green circles. Add green and yellow circles to make the caterpillar eyes.

-The Greedy Bee craft- glue on black stripes, trace your hand and cut out (with a grown ups help), glue hands as wings.

-Frog Playdoh Mats- Roll a ball of playdoh for each lily pad to match the number next to the frog.

-Frog Lily Pads- Roll a die to see how many frogs need to find a lily pad. Put one frog on each lily pad.
