

THANK YOU to the **DISNEY VoluntEARS** for once again transforming the Single Marine Center into a holiday wonderland. Decorated inside and out, making it feel more like home during the most joyous time of the year. Holding the single Marine dinner in such a bright and cheery setting made it all that much more festive. A big **THANK YOU** for all the donated gift cards as well. This is just one of the many ways that these generous Disney VoluntEARS support our families and they are truly part of our 13th MEU family !! **THANK YOU** as well to the **Disney VoluntEARS Community Fund** and the **Disneyland Resort Corporate Citizenship** for the grants received for the family party and the single Marine Dinner. We have been blessed beyond measure by the Disney VoluntEARS over the years whether it be the Christmas party, Easter, Secret Santa, the Anaheim Semper 5K & 10K or **Mickey's Attic**. We simply cannot thank them enough for everything - they truly do care for our families !!!

To an invaluable citizen
of this Nation:

This letter will be received by a distinguished and esteemed individual - one who has relinquished a portion of their God-given potential to achieve something greater than themselves in serving their nation. As trivial as this letter might be, I hope it would suffice in expressing how fortunate my classmates and I are to be protected by such earnest and ardent people. May God continue to bless you and this nation.

Thank you to Anaheim Discovery Christian School for the Thank You notes. This is one of so many that was just so very touching.
