

Approved by the Lido 14 Board of Directors

September 30, 2022

VHF Policy Notice

The Lido 14 Board of Directors has reviewed use of VHF radios and has come to the conclusion that their use is not a violation of the Class Bylaws. (No changes to the Bylaws are necessary). The Racing Rules of Sailing and applicable race documents (NOR and SI) will define the restriction on VHF usage. It is important to note that while Lido 14's can carry a VHF; US Sailing RRS 41 Outside Assistance, essentially defines their use while racing.

Intent: To include a measure of safety for all Lido 14 sailors while on the race course, which will allow comms with the RC, and local EMS in the event of an emergency.
