

PRESS RELEASE-UPDATED 11-22

The Williamson Family began singing together as a group in 1969 with Woody and Pinky Williamson and their children, Donnie and Tennie. Donnie has carried on the family ministry ever since. Though the makeup of the group has changed over time, their goal remains the same: Share the story of Jesus in song wherever they can! Members of the Williamsons today include Donnie Williamson and his wife Lisa, their children Sadie and Olivia Williamson, Darin Hebert and Bo Chesser.

The group's mission statement is more than just a statement. It is the heartfelt desire of every member of The Williamsons. It simply says, "The Williamsons will share the Gospel through music in order to see the lost come to Christ, the Christian uplifted, and provide quality Christian entertainment all for the glory of God." It's easy to say that your goal is to reach people for Christ, but it's much harder to do. The Williamsons have such a heart for evangelism that they have made mission trips to the Philippines, Nicaragua, and Kenya and have seen over 25,000 lives changed. They also travel across the United States sharing their unique style of Christian music in large concert halls and in churches of all sizes and denominations.

The Williamsons have produced more than a dozen recordings with much of their material written by Lisa and Donnie. Several of their songs have reached the Singing News top 40, the prevailing chart for Southern Gospel Radio. In December 2015, the group achieved their first #1 song, "Shout," and received their second #1 song in March 2019 for, "Every Moment, Every Mountain, Every Mile". Their latest album, "Above Everything" is on track to equal their past recordings, having already produced two top 20 songs! They have had many Featured Artists segments on the Gospel Greats and Sirius XM Enlighten radio. Their music is regularly played on southern gospel radio stations around the world.

The Williamsons are booked by Real Southern Gospel Talent and are managed by Les Butler and the Butler Music Group. Visit www.williamsonsmusic.com for more information.
