

CAPABILITY STATEMENT

CYBER SECURITY | SPLUNK | ENGINEERING | ARCHITECTURE

About Us

CYBRILL is in the business of providing high value cyber security consulting services with a specialization in advanced Splunk architecture design, engineering, and troubleshooting. CYBRILL was created for passionate cyber security experts to unite to solve some of the U.S. government and private sector's most pressing cyber security obstacles. We have distinguished ourselves by leveraging first-hand Splunk and cyber security experience resulting in flawless Splunk implementations and deployments. The professional resource network of CYBRILL allows quick time to value without delay or downtime. This gives customers a clear and fast path towards a more enriching Splunk environment.

Our professionals hold the highest level Splunk certifications and accreditations. As a CVE certified **Service Disabled Veteran Owned Small Business**, CYBRILL is committed to excellence and creating innovative and flexible solutions for our clients.
