2023 ANNUAL REPORT

The year 2023 can be summed up as planning for the future. We engaged in a strategic planning process, finished a comprehensive marketing assessment, and further developed policies and procedures with our board of directors. We upgraded the gallery shop to include a series of featured artists for 2024. In addition, with the help of a private grant, we hired two additional part-time employees, an education director, and a gallery director.

The necessity of these planning efforts is a direct result of the nature of the growth in the Lake Norman region and its impact on our organization. We have witnessed all-time highs with our membership, exhibit participation, and class and workshop enrollment.

Mooresville Arts' priority remains to be a welcoming community of artists and art enthusiasts as we expand the quantity and quality of our programs. We continue to be grateful for the involvement of our 72+ volunteers and staff, who contributed 6431 hours last year. We are indebted to the Town of Mooresville, the Iredell Arts Council, the Mooresville Downtown Commission, and the many donors and members who financially support our mission.

Your board of directors looks forward to another year of continued progress and implementation of our strategic and marketing plans. We are in the process of designing special programs for 2025, which is the year of our 70th anniversary!

Thank you for your involvement with Mooresville Arts. We look forward to seeing you at a reception, class, workshop, art lecture, or a special event or visiting the galleries and shop shortly.

Brenda Pokorny, *Board Chair*

## OUR MISSION

We are a vibrant community of artists and art lovers who welcome all ages and all abilities to our classes and galleries. By offering high-quality arts education and exhibitions and providing a venue for artists to show and sell their work, Mooresville Arts is an artistic and cultural resource for the Lake Norman community.

## OUR VISION

Mooresville Arts aspires to enrich the quality of life in the Lake Norman region as the premier venue for the exhibition, education, and appreciation of the visual arts

*\*The new mission and vision statements were adopted at the February 19, 2024, meeting of the board of directors.*
