- Enclosed lines make organic and geometric shapes which can be used in countless sizes and combinations to make a variety of designs.
- Color adds the emotional spark to art! Students will use color harmonies to add expressive power to any illustration or design.

Leighton Isaacs has been teaching art for over 30 years to children, teenagers and adults. It is her passion to see each student grow in skill, originality and confidence in their unique artistic expression. As an experienced and skilled artist, she has developed specific ways of teaching artists at every level to increase technical skill as well as to develop a personal vision for their artmaking.
