I look forward to socializing with other members and friends again soon."

Thank you for the opportunities made possible through Mooresville Arts.

Thank you so-o-o much. It is an honor to have been selected to exhibit at Mooresville Arts. It’s a friendly, welcoming group that definitely fits that description. I am very pleased with the opportunities to show my art, connect with other artists and expand my horizons.

Jessica DeHart
Board President

Thank you kindly.

On behalf of the Board of Directors, we appreciate you for being a part of Mooresville Arts.

Strength comes in numbers, and our organization will continue to prosper and thrive. The Board of Directors and the Board of Advisors are the driving force behind the future success of Mooresville Arts. Volunteers willing to take the initiative and action necessary to move our organization forward are the key to our success.

If you are reading this, chances are you are one of the collective that has contributed to the past success of Mooresville Arts. But what will the future hold? What can we do as a community to keep the arts alive and growing?

We are fortunate to have dedicated volunteers who have supported our programs and organization, and without these people, none of what we have accomplished would have been possible. Of course, it is important to reflect on our past successes and remember where we began. But it is also important to look forward and think of “what next?”, “where is the next opportunity that can bring value to our community?”

How did all of this progress happen? What have been the critical factors that have contributed to the growth and success of our organization?

Mooresville Arts has been a welcoming, inclusive environment for the arts for many years. It has always been about the passion of artists, the energy of the community, and the commitment of our Board of Directors. It is a community that values the arts, and every one of us could think “how can I contribute?” then the magic happens.

Mooresville Arts has an amazing group of loyal volunteers, and even though we have faced challenges over the past year, we are still moving forward and making progress.

It’s a new day, and every new day brings fresh ideas! Mooresville Arts can grow even stronger. We welcome new volunteers and new opportunities to be a part of the team.

Join us and be a part of the future of Mooresville Arts. We are looking forward to being able to share our story with you.

"I’m a new artist that began last summer by drawing at home. As my interest increased, I sought on-site instruction for drawing and oil painting. I have attended the Mooresville Art Gallery and its community of artists and friends have inspired me to become more serious about my own art over the past year. I am very pleased with the additional activities and opportunities that Mooresville Arts provides."
