**Full-size PEMF wellness system
„On The Go“!**

Time to rethink Wellness!

Electromagnetism

Known as the elemental force of life, electromagnetic waves are not only essential for our entire ecosystem, they are furthermore vital and crucial for our individual health and well-being. Electromagnetic waves, constantly exposed by the Earth, the Sun, the Schumann Resonances, (ionospheric waves) as well as spherics, plus the harmonic composition of all, create an all-natural force with which human organisms, animals and even plants interact actively in order to preserve and restore their wellness.

PEMF – The Essence!

The Omnium1 technology combines the findings and efficiency of encompassing, basic PEMF research with the unique capability of providing the essence of all natural electromagnetic waves in one system for home use.

The control panel

- ◆ 8" capacitive touch screen LCD-Display.
- ◆ 1 earphone jack (3.5).
- ◆ 20-Pin jacks.
- ◆ microSD/SDHC (TF)- card slot.
- ◆ Android™ Oreo 8.1 Operating System.
- ◆ 5MP front cam
- ◆ 8MP rear cam with autofocus and LED Flash.
- ◆ Replacable 4 x 3.7V / 2500 mA/h battery pack.

The D/A Converter

- ◆ Designed as the gateway between the Omnium1 control unit and the applicators/accessories.
- ◆ 2 20-Pin jacks.
- ◆ 1 applicator jack.
- ◆ Lightweight design for portable use.
- ◆ Integrated D/A-Converter module allowing field intensities up to 120 microTesla!
- ◆ Low power consumption for extended off-grid applications.

OMNIMAT

The whole body
applicator for the
“holistic” PEMF experience!

- ◆ 6 built-in, rock-solid copper coils, divided in three pairs with different amount of windings to control the applied field intensity over the entire surface.
- ◆ Triple Sawtooth waveform for highest efficiency of low-pulsed PEMF.
- ◆ Foldable in 6 segments.
- ◆ Field strength max. 45 micro Tesla.
- ◆ Increasing amount of windings from top to bottom.

OMNIPAD

The local applicator
to stimulate specific
body areas!

- ◆ 2 built-in, rock-solid copper coils to evenly control the applied field intensity over the entire surface.
- ◆ Square Wave for highest efficiency of locally applied PEMF.
- ◆ Field strength max. 70 micro Tesla.
- ◆ Flexible fixing belt with adjustable extension.

OMNISPOT

The punctual applicator
to stimulate specific
body areas!

- ◆ Flexible applicator for punctual usage and to utilize the so-called “Helmholtz-Effect”!
- ◆ 1 built-in, rock-solid copper coil in each segment (2 in total) to flexibly control the applied field intensity over the particular surface.
- ◆ Square Wave for highest efficiency of locally applied PEMF with Helmholtz-Effect.
- ◆ Field strength max. 120 micro Tesla.
- ◆ Fixing belt for an easy and effective, punctual application.

The Spa for Your mind!

- ◆ Goggles with 12 built-in LEDS on each side.
- ◆ Photic, chromatic and audible BrainWave Entrainment combined in one single system.
- ◆ Elastic band for easy adjustment.
- ◆ Integrated Earphones.

3-Dimensional Brainwave Entrainment

Photic Stimulation ...

... uses constant, repetitive light pulses to entrain the brain. Delivered by: television or computer screens, strobe lights, LED eye sets, virtual reality goggles. Visual entrainment is more effective than audio entrainment, because the visual cortex is larger than the auditory cortex. When the visual cortex becomes entrained, it affects a greater portion of the brain.

Audio Entrainment

Audio entrainment brings about these same binaural beats and tones, induce super learning, memory improvement, creativity.

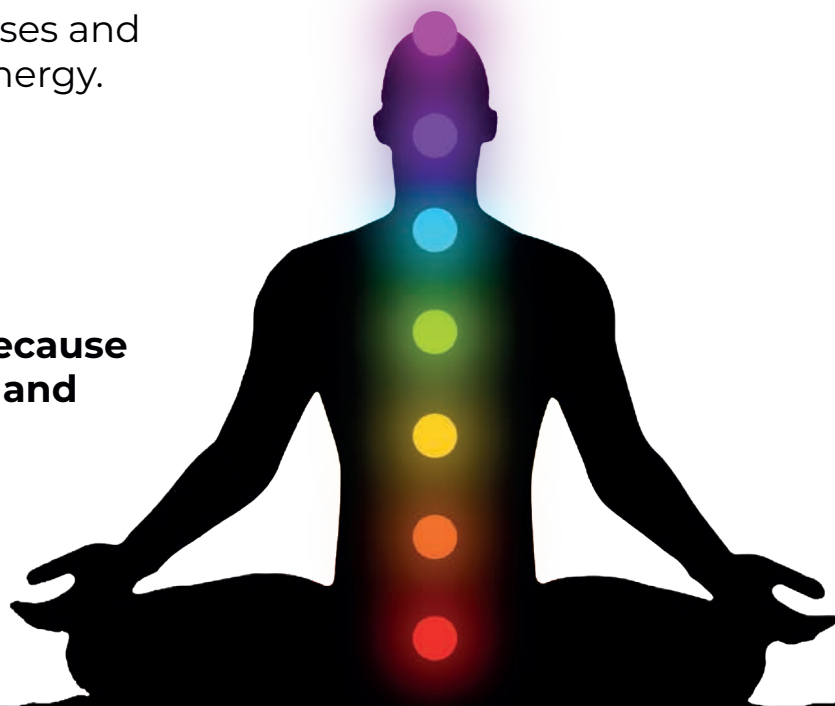

Chromotherapy

Visible color spectrum composed of reds, greens, blues and their combined derivatives.

- ◆ Light affects both the physical and etheric bodies.
- ◆ Colors generate electrical impulses and magnetic currents or fields of energy.

Colors influence us differently, because they have different wavelengths and frequencies, and affect different parts of the mind.

Fast Start Programs (standard in all bundles)

Revitalization

The Omnium1 gets you going right away! All Fast Start Programs are designed for ease of use making holistic applications very simple and highly effective on a daily basis. All Fast Start Programs are automatically aligned and synchronized with the Exagon Brain, while connected and activated!

Manual Mode

The basic application mode. Set all necessary parameters manually, based on the recommendation of your assigned Swissbionic LifeStyle Consultant!

Program Mode

The Omnim1 allows you to preprogram multiple users with all parameters and applicators and save them to the Control Panel storage drive.

Whenever the dedicated user wants to run an application, simply choose the dedicated applicator and the system will provide the default parameters!

The perfect Sets for all needs!
