**MAX Series
Pool and Spa Heaters**

we make life better™

Pool and Spa Heaters

Every unit is upgraded with a powerful 1/2 horsepower fan motor and an oversized 26 inch blade, maximizing heat transfer by harnessing more energy from the surrounding air. The result is exceptional heating performance paired with remarkably quiet operation at just 825 RPM delivering the kind of comfort you can feel without hearing.

Power That Leads the Industry

An impressive 145K BTU delivers powerful heating performance to bring your pool to the perfect temperature faster

Industry Leading Warranty

10-Year Parts Warranty and 3-Year Labor Warranty

Durable Design

Constructed with rust-proof, impact resistant polymer cabinet, engineered to thrive in demanding outdoor environments.

Quiet Operation

Exceptionally quiet at just 825 RPM for a more enjoyable pool or spa experience

Efficiency That Sets the Standard

With an impressive 6.4 COP, the MAX XL delivers exceptional heating efficiency—more heat for every dollar of energy consumed.
