

The History of PALS

St. John's Lutheran School began with modest origins but ambitious vision. Founded in 1997 by a dedicated group of individuals, SJLS has evolved into an exceptional academic institution. As the school grew, so did its need for strong parent and community connections.

Established in 2000, PALS (Parents And Lutheran School) serves as the vital link between school administration and St. John's teachers. While functioning as a traditional parent-teacher organization, PALS also aims to cultivate in its leaders and members the same Christian principles upon which the church and school were founded.
