

Halom AI

How AI Automation Saved This Law Firm 10+ Hours a Week

The Problem

This personal injury law firm was losing hours every week to manual intake, missed calls, and unqualified leads.

- Manual lead entry
 - Missed follow-ups
 - No automated scheduling
 - Low show-up rate
-

The Old Way

- Manual intake via phone
- Missed follow-ups
- No-show consultations
- Leads sitting in emails

The New Way

- Online form submission
- AI-powered lead qualifier
- Auto-scheduling & reminders
- Data pushed to CRM

THE RESULTS

-  10+ Hours Saved Weekly
-  40% Fewer No-Shows
-  Instant Lead Response
-  Increased Consult Conversions

What This Means for Law Firms

- Better first impressions
- More qualified consultations
- Time back for client work
