WHAT: Local and statewide faith and fraternity leaders come together to respond to the disproportionate number of Black and Latino community members being impacted by the Coronavirus. They have partnered with BESTBUY through a ministry led program of True Zion Missionary Baptist Church called STAY CONNECTEDLIFE Ministries to provide 200 cell phone chargers to hospitals serving COVID-19 patients to ensure they STAY CONNECTED to family, friends and loved-ones. The chargers provide a virtual Lifeline for patients as they are literally disconnected from the world during the quarantine and beyond.

WHY: "Each of our organization's members have been ravaged by this virus, so through Pastor Nelson's leadership, we partnered with BESTBUY, so we could ensure our COVID-19 patients STAY CONNECTED with their family, friends and loved-ones" said, Pastor Gregory Perkins of The View Church.
