

Environmental Policy Statement

Bartlett Roofing Limited, and all subsidiaries trading as part of the Group, is committed to ensuring that all supply activities undertaken by BAR are carried out with due regard for any potential environmental impact.

In recognising that environmental issues are an integral part of the supply chain process, all Bartlett Roofing Limited sub-contractors/employees are required to act with due care and consideration for the environment when undertaking all tasks and duties.

Bartlett Roofing Limited recognises that its works cannot be undertaken without impacting on the environment both positively & negatively. Every effort will be taken to minimize the adverse impacts and reduce the companies' carbon footprint so far as reasonably practicable.

Bartlett Roofing Limited is dedicated to the principles of waste recycling and believes that waste disposal should be avoided so far as possible. Pollution prevention is a priority at all times. If there is any spillage of products, Bartlett Roofing Limited will endeavour to neutralize any negative impact to the environment and to clients' approval.

Bartlett Roofing Limited is dedicated to the process of continual environmental improvement and responsibility. We will work and aim to achieve the requirements set out within BS EN ISO 14001: 2004 Environmental Management System standard.

The impacts Bartlett Roofing Limited has on the environment through its operations will be continually monitored by reviewing environmental targets and objectives on a regular basis. Strategic Objectives are monitored at regular senior management review meetings.

Bartlett Roofing Limited will continually monitor and adhere to all relevant regulations, codes of practice and customer requirements.

We will maintain and continually update environmental systems and procedures to ensure that we comply with legislation and other requirements.

The environmental systems will be monitored by management who are advised and supported by our health, safety & environmental consultant, this will be communicated throughout the company, via company notice boards, tool box talks and Induction process.

Bartlett Roofing Limited will undertake through management, supervision, instruction, practical example and in-house training to ensure that the environmental policy is upheld throughout the organisation and that each employee recognizes and agrees to comply with our environmental management system.

Signed: 

Director, Scott Bartlett
