TOSHIBA

e-STUDIO™ 409s

> Black & White A4 MFP
> 42 PPM Letter-size
> Small Workgroups
> Compact Footprint
> Copy, Print, Scan, Fax

Full function, not full-size.
Toshiba's new e-STUDIO409S offers everything you need to get the job done, in less space than the average office chair. This new model provides copy, print, scan and fax at 42 PPM and a host of features to further enhance office productivity. Plus, it fits nicely on most desktops.

Versatility and volume.
A 250-sheet universal cassette accommodates up to legal-size paper and can handle envelopes or other smaller sizes. A built-in 100-sheet bypass is ideal for letterhead or other specialty media.

Need more paper? An optional 550-sheet cassette more than doubles overall capacity – up to 900 sheets. The built-in duplex unit enables two-sided printing, adding to the versatility of this impressive performer.

The standard yield toner cartridge, which ships with the device, will produce up to 3,000 pages at 5% coverage, while the high-yield replacement cartridge will enable up to 20,000 pages. It's ideally suited for environments printing up to 8,000 pages per month with a maintenance interval of up to 80,000 pages.

Scan like a departmental MFP.
Scan originals at up to 96 duplex-monochrome impressions-per-minute (IPM) without leaving your cubicle. That's faster than a lot of departmental multifunction printers. The single-pass, duplex document feeder supports legal-size media and can generate PDF, JPG or TIFF file formats. Color scanning is available at up to 42 duplex IPM. The letter-size platen allows for scanning of ID cards and irregular originals as well.

Serving users on the go.
If you need to print from your mobile device, these models feature AirPrint® and Mopria® support or you can use the e-BRIDGE Print & Capture app and even scan documents back to your phone. The convenient wireless option further enables users on the go.

A real team player.
Whether you need to copy, print, scan or fax, the new e-STUDIO409S is up to the task. It includes all the features of a full-size MFP in a tabletop design. Don't want to tie up your desktop? Add the optional stand, so this MFP can be accessible for the whole office. Either way, it's a real team player.

e-STUDIO™ 409s

Main Specifications

Copy System	Indirect Electrostatic Photographic Method/OPC/Laser Printing/Heat Roller Fusing
Display	2.8" Color LCD Touch Panel
Copy Speed	42 PPM (LT)
