“

World Art Dubai is the largest and most accessible art fair in the UAE. The best part is that it invites local and international artists from diverse backgrounds, so there's something for everyone. I've been with the show since its genesis – I started out as an exhibitor and now I'm a curator. WAD is unlike any other.

I chose World Art Dubai this year, since I learned it's one of the world's most dynamic, influential and international art platforms. I do not expect to sell any of my pieces, I'm merely here to build connections and admire everyone's work! I'm just soaking in all the creativity and enjoying the show.
