OSIE ADZA TEKPOR VII  
OSIE OF AVATIME  
AVATIME TRADITIONAL COUNCIL

Dear Sir,

**RE: PARTICIPATION IN MONETIZING THE CONSERVATION OF REMOTE AND INACCESSIBLE FORESTRY AREAS IN AVATIME, A PROJECT BY CROWD BOOTSTRAP OF THE USA**

Your Ref. OP/ATA/FOREM/61 of 22<sup>nd</sup> September, 2021

I refer to your above quoted letter on the subject, please.

Your decision and interest in the participation of forest conservation program proposed by Crowd Bootstrap is highly commendable.

Forest conservation and protection in Ghana are of paramount importance especially in the reduction of climate change effects on mother earth. It is for this reason that the Forestry Commission has always been embarking on regular education and sensitization campaigns to get the active participation and support of all stakeholders especially our Traditional Authorities to fully get involved in forest conservation and protection activities in their local communities.

We in the Volta Region of the Forestry Commission therefore wish to promise you that, we will technically support you in this endeavour and open our doors to you any time to realize your goals and aspirations.

You are therefore permitted to create/establish, conserve and protect any forests within your Traditional Area outside Forestry Commission's Forest Reserves for the above purpose. Therefore demarcate the proposed area, and submit maps of the area to us for our records and onward transmission to Forestry Commission's Headquarters for official recognition, please.

By a copy of this letter, the District Manager for Ho is also informed to provide you with the necessary technical advice and support any time you call on him.

Thank you!

Yours faithfully,

B. MANSO-HOWARD  
REGIONAL MANAGER  
VOLTA REGION
