

# OCTOBER 2022

## READING YOUR BILL

Previous Read Date: 08/01/2022  
 Current Read Date: 09/06/2022

Usage: 900.00

Item	Read Type	Quantity	Loss Factor	Rate	Sub Total
<b>Water</b>					
Water Usage	Actual	200.0000	ft <sup>3</sup>	0.029900/ft <sup>3</sup>	\$5.98
Water Usage	Actual	600.0000	ft <sup>3</sup>	0.040800/ft <sup>3</sup>	\$24.48
<b>Base Rate</b>					
Base Rate		36.0000	Day	1.370000/Day	\$49.32
<b>Bond Surcharge</b>					
Bond Surcharge		1.0000	U	9.200000/U	\$9.20
<b>Total Charges</b>					<b>\$88.98</b>

If you notice your bill is higher than usual, Please refer to the number of days in the billing cycle! Billing cycles fluctuate between 28 – 36 days

If you have more than one “usage charge”, its because we have tiered usage rates! The first 100 cuft. is included in the Base Rate. Then 101-300 cu ft. is \$2.99/cu. ft After that, the rate is \$4.08/cu. ft up to 1000 cu. ft. After that, we get into another tier & you get the point! Our rate chart is on the website or at the office.

## MOVING OR SELLING ?

Please help us by keeping your account information current!

If you are selling your property, please contact us to close your account.

We will need the closing date so we can schedule a final read. Once done, we will send a final bill.

Did you know, we implemented the Daily Rate for this purpose? If you move or close in between billing cycles, you'll be charged for the length of your stay, as opposed to a full month!

## FUN FACTS

Do you know the reason leaves change color in autumn? It's the lack of light as the days get shorter!

The green color of leaves disappears when photosynthesis (from sunlight) slows down and the chlorophyll breaks down. Trees with a lot of direct sunlight will produce red leaves, while other trees may turn yellow, orange, or brown.

The next Board of Directors meeting will be October 19, 2022 at 10am.
