“Lit The Light’s Supporting Hands during COVID19”

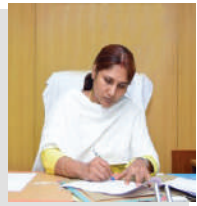

“Feeling gratitude and not expressing it is like wrapping a present and not giving it.”

– William Arthur Ward

Lit the Light takes this opportunity to solemnly and wholeheartedly express our gratitude to all the eminent pillars of our society for believing in us and supporting us in every possible way during this unforeseen pandemic situation. Lit the Light wants to give a cue on our activity to support the differently-abled and visually challenged mostly during this COVID-19 season... we as a team tried our best to support the distressed disabled families with grocery kits.

Obviously, this task cannot be executed as we intend, by laymen like us...with several State Authority Officials from various tiers, this task was executed to finesse. Lit the Light thanks every official and their team for providing the much-needed assistance that was needed during this hectic period. Without their proper support and guidance, we might have not done what we intended within the necessary time. We appreciate the moral and the manpower support we needed to the job done well...and our beneficiaries will also vouch for the same along with our organization. Officials here, didn't help us just with the distribution, some motivated us with donations for the grocery kits, when the raised funds were low and the demand was ever raising.

Thanks to the officials listed underneath for all the support that they all have provided through thick and thin.

Tmt. S. Malavizhi IAS,
Collector, Dharmapuri district.

Thiru. M.P. Sivanarul IAS,
