The new book guides readers to embrace and fulfill their life calling through Christ and His Word by addressing the growing misunderstandings many have regarding true worship of the Lord.

Rose Stevens has authored a new book for people who desire to build their lives, worship gatherings and congregations on the foundation of Jesus' scriptural commands. Titled *True Worship: Embracing Christ and His Word to Fulfill Your Life's Calling*, the new book calls on believers to fully contend for, embrace and fulfill their highest calling to be true worshipers of the Lord.

Sharing how God used a decade-long congregational praise and worship war to reveal five biblical principles essential to worship in

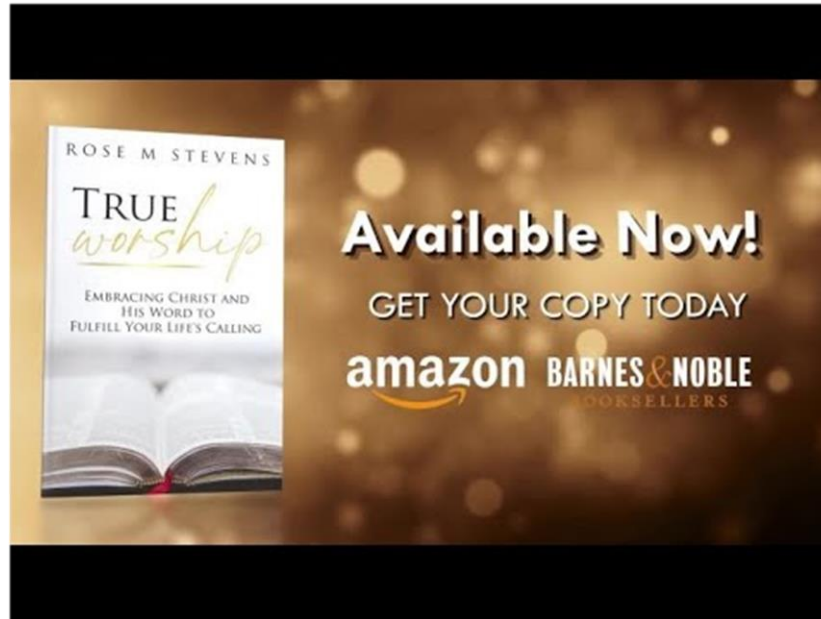

spirit and truth, Dr. Rose Stevens successfully calls today's worshipers away from man-centered worship toward God-pleasing worship. This phenomenal author combines grounded biblical insights with her proven integrity and testimony to guide readers toward the blessings of being true worshipers of Jesus.

Featuring over 40 complete psalms and 1000 scripture verses, the new book is perfect for personal devotions, church leaders, or small group studies and outlines a path of worship discipleship that leads to knowing and experiencing the Lord more intimately. Readers of *True Worship* will be inspired to 1) rediscover the blessings that come from obeying the Scriptures and fulfilling true worship through the Holy Spirit's help, 2) renew their love for both God and others, and 3) rejoice in continually offering worship to God regardless of the cost.

"This is a wonderful book explaining how we should worship our Holy God. When I purchased it, I couldn't put it down until I was done reading. Since then I've loaned it to two retired Pastors. The first one agreed that it is an excellent book. The second one is reading it now." – Carl Wades.

"This book is amazing! If I could give it a greater review I would! I will be recommending this book to all of my brothers and sisters through Christ as it greatly encouraged me! I know it will encourage you as well!" – Emily Garvin Kugler.
