Model 110B-D2

Fire-rated, low profile.
Use in place of model 110-D2 when screws & binder posts desired.
Holds fire-glass & additional pane.

Materials & Finish
18 ga mild steel standard.
Galvanized or stainless steel available.
Extremely durable powder coating.
Beige, gray & dark bronze standard.
RAL & custom colors available.
Real wood veneer.

Welded stiffener reduces flex.
Machine screws included.

Fasteners pass through the door cutout. No need to drill through the door.
Low profile provides less interference for exit hardware.
Tamper-resistant binder post on corridor side.
Fire-rated, tempered, impact-resistant, & more available.
Additional pane of tempered, impact-resistant, & more glass types available.
Glass supports position glass in door cutout.

Glass = order size + .75”
Order size is visible light
Frame outside dim = order size + 2.5”
Door cutout = order size + 1.5”
1.75” or other door thicknesses

This frame may be installed with most fire-rated glazing material that has approval for conformance to ANSI/UL 10B, ANSI/UL 10C, NFPA 80, NFPA 252, or CAN/ULC S104. Contact AMS for frames intended for use with resistive glass.
