LED STRIP LIGHT

KOMMERCIAL LIGHTING

Product Features

- Luminous part is integrated and fastened to fixture body by snap locks
- Changeable lighting module （R, M type for option)
- 0-10V Continuous dimming to 10% Minimum
- Tool-less accessed and easy to install
- Field-adjustable light output and CCT selectable
- Bi-level motion sensor or battery backup are available.

Applications

Indoor Commercial Task Lighting Back of House, Office, Healthcare, and Educational Hospitality, Grocery, Retail, Storage Facilities Stairwell,

Construction

- Powder coated sheet steel stamping
- Polycarbonate end cup
- High transparency polycarbonate diffuser

Electrical

- Input 120-277V 50/60Hz
- 0-10V dimming 10% Minimum
- THD<20%
- Power factor>0.9

Compliance

- ETL listed for damp location
- Ambient operating temperatures -25C to 45C
- LED complies with LM-79 and LM-80
- DLC Standard
