

A message on behalf of the PCBA members with regards to the COVID-19 virus

Effective immediately the PCBA members will be implementing measures to reduce the risk of spreading COVID-19. These measures are consistent with the recommendations announced by Pikwakanagan Health services. Individual stores can opt in to close at any time, but for those that remain open, the following applies:

- Business hours will be reduced
- The number of customers allowed in the shops will be limited based on the size of the store (2-meter distancing guideline)
- A notice will be posted on the doors of shops asking customers to not enter if they are symptomatic + Customers will be asked to leave if they appear to have symptoms
- Staff who are sick, high risk, or returning from travel will be required to stay home
- Staff who do not wish to work, will be able to do so
- We will continue to clean and sanitize frequently

The safety of our community is always our number one priority.
