Trailer Coverage

COVERAGE LIMITS & EXCLUSIONS

FPC Marine Protection service contract specifies parts within each component group that are covered. Coverage is subject to deductibles, limits and exclusions. Contract covers repairs only of covered parts and only when they suffer a breakdown. A breakdown of a covered part may not be covered due to misuse, lack of proper maintenance, or when a noncovered part caused the covered part to fail. Exclusions contain a list of parts not covered, some of which may be associated with a covered part. Please see the service contract for details.
