

- Game Rules - *Rolling Maze*

Number Of Players - 1-2 * Marble Maze can be played individually or against a single opponent

Object Of Game- The object of Marble Maze is to roll the ball through the maze by tilting the table. If playing against an opponent, the first player to reach the finish wins.

Game Play- To tilt the table, carefully lift or lower each handle independently. If the marble drops out of the maze, that player must retrieve it and return it to the playing surface. It must be placed into the starting position, unless checkpoint has been passed. In this case place the ball at checkpoint.
