

The NY concealed carry class is
16 hours of classroom and 2 hours of range time.

Cost:
NY class \$350
NY/NJ Combo class \$500

NY Qualification 5 rounds fired from the 4 yard line and you must make
4 out of 5 rounds.

Written test at the conclusion of the classroom portion.
Class completed in two days.

Two ways to apply after completing the class.

1. Go through any county in Up State NY. But the permit will not qualify you to carry in the 5 Boroughs of NYC.
2. Apply through NYPD, go to 1 Police Plaza for fingerprinting and get the permit through NYPD. This Permit will allow you to carry in the 5 Boroughs and up state. Even with the NYPD permit there are still gun free zones in NYC where you can't carry.

Both application processes are long and tedious, especially NYPD and the permit will take several months to get.

Applicants for NYC must list someone they know who lives in NYC on the application as an emergency contact.

I would like to add that the process of applying after this class is not easy and takes time.

So before anyone pays and takes the class I want them to know what they are getting themselves into. I want to be as transparent as possible before someone commits to the class.

Please call or text with any questions

Thanks, Ty
