CAPABILITY STATEMENT

COMPANY OVERVIEW

Davenport Management & Consulting LLC is a certified minority-owned company that provides Project Management Solutions to a diverse client base of owners and contractors in multiple industries. We assist clients with Project Management Staffing, Project Controls, including CPM Scheduling, Change Management, Project Management Training, and PMO Support.

Anthony Davenport, the Owner, and Principal Consultant, has over 30 years of domestic and international construction and operations management experience. Anthony has an extensive background in Operational Leadership and Change Management consisting of managing a fortune 100 company PMO, which included oversight of Project Management Consultants, as well as development and delivery of Project Management Training programs. Anthony has demonstrated success in leadership and management with the ability to deliver complex projects of up to \$300 million for public, private, international, and domestic entities on time and at or below budget.

We are dedicated to helping organizations success through strategic planning, proactive risk mitigation and excellence in and project management.
