CAPABILITY STATEMENT

COMPANY OVERVIEW

Davenport Management & Consulting LLC is a certified minority-owned company that provides Project Management Office (PMO) Consulting and Project Management Solutions to a diverse client base of owners and contractors in multiple industries. We assist clients with PMO development and support, Project Management, CPM scheduling, Project Portfolio Management (PPM) Consulting, and Project Management Training.

Anthony Davenport, the Owner, and Principal Consultant, has over 30 years of domestic and international construction and operations management experience. Anthony has an extensive background in Operational Leadership consisting of managing a fortune 100 company PMO, which included oversight of Project Management Teams, as well as development and delivery of Project Management Training programs. Anthony has demonstrated success in leadership and management with the ability to deliver complex projects of up to \$300 million for public, private, international, and domestic entities on time and at or below budget.
