ACTION ACTION ACTION

- 71% of Minnesotans live in an “urban” setting
- Only 18.4% of urban spaces currently have tree canopy cover
- **The Minnesota state target for urban canopy is 40%**

Be a force for nature with the Community Forestry Initiative.

Trees purify the air, offer shade, attract birds and wildlife, prevent soil erosion, and promote well-being. Currently our urban areas need to double their tree canopy to reach Minnesota’s canopy goal of 40%. The Community Forestry Initiative of Climate Impact Corps is working towards that!

Climate Impact Corps trains people to make an extraordinary impact as AmeriCorps members. Your time makes all the difference. Be part of creating a healthier, happier world and join Climate Impact Corps.

Impact**
CORPS

Join the global fight for a healthy climate while making a local impact.

The Community Forestry Initiative places members at Minnesota nonprofits and public agencies who have a mission to preserve and protect the environment. As a Climate Impact Corps member, you'll work towards preserving and increasing tree canopy, creating a positive impact on our planet and the well-being of Minnesota communities!

As a Community Forestry Initiative Member, you:

- Serve for one term (full-time and part-time options are available)
- Receive training, professional development, and ongoing support from staff
- Provide services such as:
 - Tree inventorying
 - Tree planting events
 - Gravel bed nursery design
 - Citizen volunteer engagement
 - Outreach and education events

Most anyone can make a great Community Forestry Member. The most important qualification is your passion and desire to make a difference! To review minimum qualifications and additional details visit us online at Ampact.US/Community-Forestry.

SCHEDULE All schedules are Monday-Friday.

SERVE

August 2022 – July 2023
