

Nemadji River One Watershed One Plan

Advisory Committee Guide

Introduction

The Nemadji One Watershed One Plan is a partnership between Carlton SWCD, Carlton County, Pine SWCD, and Pine County. The Nemadji Watershed is located just south of Carlton, MN. The waters flow from the headwaters located in Northern Pine County and Central Carlton County, MN to Lake Superior in Superior, WI. The watershed covers 473 square miles with 276 square miles in Minnesota. For a story map about the watershed, please visit: <https://carltonswcd.org/nemadji-1w1p>.

Committee Roles

The Advisory Committee's role in the planning process is to provide expertise and information that will help determine priorities for how and where to manage resources in the watershed, and to provide recommendations to the Policy Committee. The Policy Committee is made up of County Commissioners and SWCD Supervisors and they are the decision makers for this plan.
