The back deck is all worth it. Perfect location to get to basbeall games and lots of room to house all our coaches. Highly recommend for large parties. Host was amazing at sending us all the details of the house and area.

Very clean, tons of space, very comfortable and can sleep/house 12 or more easily. Close to Mt Home and super fishing at Calico Rock we stayed three nights and everything was great. Fire place

was not usable (by design) and I wish we coulda had that but overall 100% satisfied

Note from Owner: Fireplace in the family room has been repaired and can be used.

Beautiful home with amazing view

Home was perfect! Very spacious and was able to accommodate everyone. We did enjoy the outdoor fire pit one of the days! Would definitely recommend!

Amazing place. Epic home!

Positive: The lake view is wonderful! I liked it. My family loved it.

Negative: Instructions about trash, and to first arrive at night.

Note from Owner: Please let us know of nighttime arrivals so we can leave the porch light on. We have updated our instructions about the trash. Thank you for your feedback.

Everybody loved our stay , the house was set 
up very nice, from the ground level walk in, to the back porch,
horses, and outdoor play equipment for the children. It was
excellent. We had 5 adults who stayed together and everyone had
privacy room and bathrooms. we came to visit our 6 grandkids and
they loved the house too. Everyone especially loved the horses so
friendly. The week was a hit with everyone!!!!

Enjoyable Stay with Notable Features and Minor Drawbacks

Our stay at this property was great overall, offering a comfortable and accommodating environment. We would consider it again for future bookings. Pros: Spaciousness: The property's four-level bilevel design worked for our large group, providing space and privacy. The dining area and additional kitchen table were convenient, allowing options for adults and children. Outdoor Amenities: The outdoor patio with an amazing view was wonderful and the nearby horses were exceptional features. Cons: Bathrooms: The top level, housing four bedrooms, shared had one full bathroom, leading to high traffic. Locked Spaces: Many closets and the garage were locked, which was unexpected and restricted our storage options for a week-long stay. The second fridge in the photos was also unavailable. This posed challenges for storing ample food and beverages for our thanksgiving stay. Additional: Room Distribution: The house's division into four levels offered varied accommodations but also presented some logistical challenges. Furniture and Decor: The comfortable furniture was a plus, though the main living room's furniture was worn out and detracted from the overall comfort. The decor was reminiscent of a grandparent's home. Suggestions for Improvement: Property Description: Future guests would benefit from knowing about the bathroom arrangement, locked spaces, and fridge availability beforehand. Furniture Update: Buy a new living room furniture set. Overall, 5 stars!

Note from Owner: Thank you for your 5-star review! We are happy to report having made the following improvements: We have added a Jack and Jill bathroom on the upper level between the two king bedrooms. We freed up two additional closets and the unfinished basement for additional guest storage. There is a 2nd refrigerator for guest use in the family room bar area and the furniture in the living room is new. The property has been completely renovated with new appliances, porcelain tile bathrooms, and an expanded kitchen. Thank you for your suggestions. We hope you'll visit us again soon!

Trout/Lake Norfolk Family Vacation

Kim A · Jun 30, 2023 · HomeAway

We really enjoyed our stay over the Fourth of July weekend. The Vrbo was perfect for our family, providing everyone a bedroom. The house provides three levels that included many games for our

kids. The view was spectacular. Trout fishing was great as well as Norfolk lake was refreshing and beautiful to pleasure boat. Extra amenities such as coffee, snacks ect. The kitchen had everything you needed.

Family Fun

Donna Marroni · May 13, 2023 · Evolve Website

Four of us stayed here for a few days in May. It was perfect for our group of couples, and could easily accommodate more. We had a blast playing ping pong outside before dinner, and playing foosball and scrabble at night. The views of the lake are beautiful. Perfect for cocktail hour. We took full advantage of the owner's recommendations for local activities. We rented a pontoon boat on the lake for a day and hired an excellent fly fishing guide the next morning. The local restaurants and breweries were a lot of fun too. I enjoyed every minute of our stay and highly recommend staying at Home Hearth
