Ready to Eat Noodles

Ready-To-Eat Noodles have become an international craze today as they fit into the fast lifestyle of the young and the not-so-young. 'Yummy' noodles can be eaten as a snack straight from the packet or put in boiling water for just a couple of minutes to make a hot meal. Unlike ordinary noodles, 'Yummy' is pre-cooked, flavoured, seasoned and bite into Yummy! Its Healthy and Tasty! Its Food & Fun – 2 in One!

Each packet of Yummy is a wholesome meal as it is rich in carbohydrate, protein, minerals and iron. It comes to you in both vegetarian and non-vegetarian flavours. Included in every pack of Yummy are these seasonings: masala (mixed spices), chilli powder and onion-flavoured oil. Our specific food based metallic packaging keeps the noodles fresh and crisp, preserving the original taste to ensure that you relish every Yummy bite.

In continuing to give clientele unmatched international taste and quality we have introduced for the first time a very popular traditional Indian snack known as 'Bhujia' in chicken flavour. This lip-smacking 'Yummy Yum Chicken Bhujia' promises to tingle your taste buds and leave you longing for more.

Our Quality Policy

At Excel Foods, quality is as way of life. Our production facilities are equipped with state-of-the-art systems and international technology. We adhere to international standards across all operations: from sourcing the finest ingredients to processing by completely automated untouched process and packaging using up-to-date cutting-edge technology. Each packet of "Yummy Noodle" carries this assurance of quality and meets the high expectations that our consumers have from us.
