

Instrument Airplane Ground School

Biggest Little Flight School

\$599 per student, must be currently training for or hold PPL

Taught by Anthony Futch, CFI, IGI and Stacie Goodwin, CFI, IGI

What we give you...

Throughout this class, you will receive:

- Jeppesen Instrument/Commercial textbook
- 2025-2026 ASA Instrument Test Prep book
- An endorsement for the FAA instrument airplane written exam
- Preparation for the instrument airplane check ride

What you need to bring...

- Notepad and writing implement (a computer is fine too)
- 2025 or 2026 FAR/AIM
- Tablet with at least a basic Foreflight subscription* (an iPad is recommended).

*Garmin Pilot and similar EFBs are ok, however you will need to know how to operate that software.
