

SUMMER FUN AT L'ÉCOLE!

JUNE & JULY 2025

Bonjour, Families!

What an incredible summer it's been so far—full of laughter, learning, and unforgettable memories! From exploring the Butterfly Pavilion and the History Colorado Museum, to picnics at City Park and hands-on fun at the WOW Museum, our adventures have taken us near and far. We even stepped back in time to marvel at prehistoric giants at the Denver Museum of Nature & Science!

Our campers have created beautiful art, tasted new foods, played exciting games, and “traveled” the globe through immersive classroom experiences—earning L'École-issued passports packed with stamps and a world of knowledge.

And the summer fun isn't over yet! We have even more adventures ahead. As we continue to make the most of these sunny days, we're also enrolling for Fall! We'd love to welcome your child back for a rich academic experience rooted in play, exploration, and discovery.

Let the adventures continue! 🌍✂️🎨
