Every Day, Our Inbox Is Filled With Dozens Of Success Messages Like The Ones You Heard
And They All Confirm How Incredible This Method Is.

And I Should Know Better.

Because Not Too Long Ago, I Heard It Straight From The Horse's Mouth.

Hi There, I'm Dr Stewart Franks.

From The Moment That I Graduated With Honors From The Columbia University Vagelos
College Of Physicians And Surgeons, **I Was Hell-Bent On Achieving One Goal.**

Armed With **A Specialization In Urology And A Subspecialty In Andrology**, I Was
Determined To Tackle The Daunting Challenge Of *Small Penis Syndrome Head-On*.

Throughout My Extensive Career, I've Rubbed Shoulders With Esteemed Doctors And Experts

...

Some Who Were On The Same Wavelength With Me, While Others Remained Stuck In The
Mud Of Traditional Treatments.

As A Fellow Of The American Urological Association And A Member Of The Prestigious
Society For Male Reproduction And Urology, I've Dedicated My Life To Male Sexual Health.

I've Delved Into Every Nook And Cranny Of The Field, Tackling Stubborn Cases Of Erectile Dysfunction, Infertility, Prostate Complications, And Even Penile Injuries.

I'm Proud To Have Been Part Of An All-Star Team Of Researchers And Medical Professionals That Cracked The Code To Tadalafil's Key Chemical Components.

With Over 38 Years Of Experience In The Field, I've Helped Over 5,000 American Men Turn Over A New Leaf When It Comes To Their Sexual Health And Confidence.

But My Burning Ambition Never Wavered.

I Was Hell-Bent On Proving To Myself And The Entire Medical Community That A Small Penis Isn't A Life Sentence.

Even Though My Senior Colleagues Would Scoff And Laugh Me Out Of The Room, I Stood My Ground.

Almost 15 Years Ago, I Struck Out On My Own And Built A Cutting-Edge Laboratory, Bringing Together Some Of The Brightest Minds I've Crossed Paths With.

From That Moment On, We've Been Working Tirelessly With One Shared Purpose:

To Research And Develop A Groundbreaking, Effective Solution That Empowers Men To Increase Their Penis Size As Quickly As Possible.

Put Simply, Our Aim Is To Uncover **The Game-Changing Chemical** That Will Do For Penis Size What Tadalafil Does For Potency.

Now, Before We Move Forward, There's A Crucial Piece Of The Puzzle I Must Clear Up.

In The U.S., The Average Penis Measures 5.6 Inches.

Given Its Frequency, Most Urologists Will Tell You It's Par For The Course And Not Worth Losing Sleep Over.

But That's A Load Of Hogwash.

Now, A Medical Researcher's Life Isn't Easy.

You Get A Lot Of **Sleepless Nights, An Unhappy Wife** And Months Of Being Absent From Your Home Due To Your Work.

I Spent A Lot Of Time Abroad, Working In **High Tech Labs In Austria Or Switzerland**, Being Part Of International Research Teams, Performing Clinical Research On Male Enhancement And Sexual Related Male Issues.

I Remember All Those Moments When I Left My Wife Home, Alone, Neglected.

But The Stakes Were Too High.

You See, In My Opinion Every Disease, Illness Or Health Problem Already Has A **Natural, Organic Solution** Left To Be Discovered In Nature.

We Just Have To Find It.

That's Why, Twice A Year I Would Take One Month Of Vacation, And Visit Every Indigenous Place I Would Find, Looking For **Male Enhancement Natural Solutions**.

From The Deep Dark Amazonian Forest, To The Beautiful Lands Of Tibet And India Or The Forgotten Japanese Villages.

During My Trips, I Collected And Analyzed Hundreds Of Herbs, Plants And Even Natural Oils From Trees.

Some Of These Are Already Well Known In The Male Enhancement Medical Community And While They May Help Regain Sexual Stamina, Performance In Bed And Even Some Help With Getting Hard Erections, Each One Of Them Is **Completely Useless When It Comes To Increasing The Length And Girth Of The Male Penis.**

I'll Have To Admit, Things Didn't Look So Good.

I Remember That Night When I Came Back To My Wife, She Had Never Seen Me So Upset In All My Years.

I Felt Stuck, As Nothing Seemed To Work.

But If There Was Something That I Never Lost In All My Life, That Was **Hope.**

Because As My Mentor Used To Say:

“Real Accomplishments In Life Always Needs To Begin With A Little Bit Of Faith.”

And Everything Truly Happens For A Reason, Because The Call I Would Receive The Next
Day Changed My Life Forever.

It Was From A Colleague Of Mine, Aaron.

“Mike, You Have To See This!” He Said To Me In A Mysterious Voice.

Now, I Knew He Was Onto Something But Never In My Wildest Dreams Have I Dreamed Of
What Would Happen Next.

*“Listen, One Of My Oldest Friends Called Me To Tell Me About A Remote **African Island** Where
The Elites Go To **Increase Their Penises By 4 To 6 Inches.** He Had Found This In His Recent
Travels. Apparently They Use Some Sort Of Plant Based Sorcery.”*

Hang On, Aaron,” I Said To Him Calmly.

“We’re Scientists And You Know Very Well There’s No Such Thing As Sorcery.”

Aaron Paused For A Second, Then He Started Explaining How These Tribesmen Are Literally
Defying Science Through Their Elongation Ritual.

But I Needed More Than That.

I Needed Hard Facts And Evidence, Not Just Fantasy Stories About Tribesmen That Grow Their Penises By Magic.

So I Got Aaron To Tell Me The Location Of This Tribe.

I Decided To Take My Wife With Me, Since She's An Anthropologist And Could Help Me Understand The Tribe's Customs.

Now, Please Be Warned Because **What Follows Next Is Not For The Weak Of Heart.**

After What I Believe Was The Most Time Spent On An Airplane Plus 2 Hours By Boat, My Wife And I Finally Found It.

We Ended Up Living With **A Remote Indigenous African Tribe For Weeks,** Diving Into Their Customs And Trying To Learn As Much As Possible About Their Traditions.

During This Time, I Tried To Get As Close As Possible To The Tribe's Elders.

We Eventually Became Good Friends, And I Was More Than Happy To Share My Medical Knowledge With Them, Teaching Them Simple Emergency Procedures Like How To Safely Stop An Open Wound From Bleeding Or Perform CPR.

It Wasn't Until Our Last Day There That Everything Finally Clicked.

I Must Say, My Years Of Experience In Male Enhancement Research Did Not Prepare Me For What We Witnessed.

More Than A Dozen Black Guys Stood Before The Tribe's Elders, **Performing The Sacred Penis Elongation Ritual**, Known Locally As Dagamariga.

A Few Fortunate Tourists, Who All Appeared To Be Rather Wealthy, Sat Quietly In The Back, Watching The Entire Process.

And Let Me tell You, The Sizes Of The Penises We Saw Were Mind-Blowing.

12, 13, And Even 18-Inch Long, Muscular Penises, Undoubtedly The Largest I've Seen In My Lengthy Medical Career.

It Was Truly Incredible!

As I Watched Them Finish The Ritual And Thank The Elders For The Change That Had Just Occurred, I Noticed Something Else.

Over 30 Minutes Had Passed Since The Ritual Began, And **These Men Still Maintained Rock-Hard Erections, Despite There Being Nothing Arousing.**

What In The World Makes These Guys So Incredibly Potent And Virile? I Asked Myself.

In The Middle Of The Jungle, With **No Medical Help Or Drugs, And Even No Women Next To Them,** Each One Of These Guys Was Still Holding A Rock Solid Erection.

Little Did I Know Back Then That The Answer To This Question Was Going To Shock Me.

The Truth Is, Science Has Already Proven That African Black Guys Are More Endowed Than White Guys.

In Fact, In A Recent Research Paper Published By EveryoneWeb, Involving Over 110 Countries, Stated That The Biggest Penises In The World Are Found In The Democratic Republic Of The Congo, Specifically Of This Tribe.

They Count For The Top 3% Of The World's Penises.

But My Main Question Was **WHY?**

I Needed To Find Out If This Was Due To Genetics Or Something Else, **Something Stranger.**

I Sought To Uncover The Secret Behind Their Elongation Ritual And The Astonishingly Long Penises These Men Possessed.

The Tribal Elders Appreciated The Help I Had Given Them, So In Response, They Slowly Began To Tell Me The Secret Behind This Well Kept Secret Ritual.

They Said That In Their Tribe, Most Men Are Born With Penises Of Over 10 Or 11 Inches Long And That's Due To Their Parents Adding A Few Powerful Plants To Their Daily Meals.

But If By Misfortune Someone Is Born With A Penis That's Less Than 10 Inches (A Size That's Considered Something Very Normal In Their Tribe), They Use Their Sacred Penis Elongation Ritual On Them And Immediately Add 5 To 7 Inches More.

What's More Important Is That These Men Are Advised To Consume These Plants And Herbs Every Day, To Prevent Any Male Health Or Prostate Related Issues.

This Recipe, As The Elder Confessed, Has Been In Their Families For Centuries And Was Passed From Generation To Generation.

"It's All Due To The Lands We Live In And The Plants We Have Here, The Secret To Our Penises Size Has Been Here For Thousands Of Years," One Of The Tribe Elderly Said.

But What Is Truly Possible? I Asked Myself.

Can An Ancient Ritual And Some Herbs And Plants Really Grow Your Penis?

Or Was It All Down To Science And In Fact The Size Of These Gentlemen's Penises Was Due To Their Genetics?

I Knew If I Wanted To Find The Answer, I Needed To Test This Myself.

And To Be Honest, I Had A Good Reason To.

You See, It's Painful For Me To Admit This, But ... I Had A Small Penis.

I Mean, I Know It And My Wife Knows It Too.

She Just Never Said Anything To Me, Even Though We've Been Married For Almost 25 Years.

Well, She Never Said It To ME Anyway.

But A While Ago I Heard Her Talking Over The Phone With One Of Her Friends, Saying She Wished I Had A Longer Penis.

It Felt Like A Cold Steel Blade Passing Through My Gut.

But She Was Right.

And It Was The Reason Why I Decided To Take Her On This Trip, Not Just Because She Could Help Me Understand Their Culture.

I Hoped That Even If I Don't Find The Solution To Penis Growth In This Tribe, Maybe Once She Was Satisfied By One Of These African Men, **Maybe She'd Love Me More.**

I Know How Bad This Sounds, But Can You Imagine **Wishing That Your Partner Would Enjoy Another Man's Penis Just So They Don't Leave You?**

It Takes Away **Your Dignity.**

Your Masculinity.

It Makes You Realize That You May Never Be Able To Satisfy Them **Like They Truly Wish.**

Can You Imagine How Hard It Is To Live Like That?

And Even When They Don't Say Anything, **Deep Down They Want It Bigger.**

Just Go Online And Try To Do A Quick Search On *“Does Size Really Matter?”*

What You Find Will Shock You.

A 2013 Study In The National Academy Of Sciences Found That The Male Penis Size Influenced How Women Perceived Attractiveness.

RESEARCH ARTICLE

Penis Size Interacts With Body Shape And Height To Influence Male Attractiveness

In Other Words, The Bigger, The Better.

Not To Mention All The Online Articles And Forum Posts Where Men Complain About Being Cheated On Just Because Their Spouse Wanted A Bigger Penis.

In Fact, Peer Reviewed Publishings Show That More Than 50% Of Women Cheat On Their Partner At Some Point Because He's Less Well Endowed.

I Knew I Had A Choice To Make.

I Would Either Face A **Life Of Betrayal And Humiliation** Or Buck Up And Fix This Once And For All.

But Here's The Thing.

A Recent Study, Conducted By Researchers From The University Of New Mexico, Revealed That In Order To Be **Fully Satisfied By A Man, Women Prefer His Penis Size To Be At Least 8 Inches Long**, With A Larger Circumference Of Slightly Over 5 Inches. [Ed. Note: Women Might Be Better *Served* To Have A Custom Dildo Made To Exact Specs To The Counters Of Her Vaginal Cavity And Personal Preferences. Plus, The Dildo Is *Portable*. Time To Swap Out Partners? No Problem!]

"I Can Do This," I Said To Myself.

After All, It Was The Reason Why I've Spent So Many Years Researching The Male Penis And To Finally Be Able To Add A Few Inches On **My Size Was Practically A Dream Come True.**

Plus, It Wasn't Like The Problem Was Going To Fix Itself. [Ed. Note: Have You Tried Fervent **Consistent** Prayers To *SkyDaddy & Son?*]

So I Decided To Give This Sacred “African Penis Elongation” Ritual A Try.

Even Though I Was Skeptical Right From The Beginning.

Sure, I Was Intrigued, Especially Since I’ve Seen Other Men Performing It With Staggering Results.

Not To Mention That During My Stay With The Tribe, I Was Invited To Many Of Their Orgies And Those Men Could Perform For Hours Without Interruption.

There Had To Be An Explanation.

Sure As A Scientist, I Somehow Thought It Had To Do With Genetics.

But As The Tribe Elders Explained To Me, Every Now And Then, A Handful Of Very Rich People, Mainly Indian Billionaires, Came To The Island And Pay Large Amounts Of Money To Use This Ritual And Enlarge Their Penises.

And 9 Out Of 10 Of Them Get Staggering Results! [Ed. Note: What Happened With The Poor Unfortunate Who Didn’t Experience “Staggering Results?”

People That Couldn’t Get An Erection In Decades, Now Getting *Steel Strong*, Long Lasting Erections Practically Anytime They Want.

Honest Men Who've Been Humiliated Enough In Their Lives Who Are Looking To Add Inches To Their Penis, Going **From 3, 4 Inches To 7, 8 And Even 9 Inches.**

And Even In The Most Severe Cases, After Performing The Ritual Twice They All Had 100% Success.

All This With ZERO Side Effects.

Because As The Tribal Elders Confessed, This Compound Is All Organic And Natural.

Since They Are On A Remote Island, With Basically No Access To Medical Care, It Was Extremely Important For Them To Stay Healthy While Doing The Ritual.

So, A Couple Days Later, Under Careful Supervision Of The Tribe's Elders, I Started The Penis Elongation Ritual. [Ed. Note: Whoo Hoo, Mon!]

**All I Had To Do Was Drink This Strange
Cocktail They Prepared For Me.**

From What I've Been Told, The Compounds Found In The Cocktail Were Extracted From The Plants Found Around The Island.

The Tribe's Elders Gather **Some Pretty Special Herbs** Only On Nights With A *Full Moon*, Crush Them, And Mix Them With Their Own Hush-Hush Combo Of Natural Juices.

Then, They Take The Mix, Put It In Some Large Leaves, Tie Them Up All Snug, And Hang Them On A Sacred Tree For A Day And A Night.

Once The Sun Comes Up Again, The Cocktail Is Ready To Be Used.

Now Of Course, I Starting Documenting Everything.

After I Started To drink The Cocktail, For The First Few Days, I Didn't Feel Like My Penis Was Growing, Except For The Fact **Something Strange Was Happened Inside Me.**

Like I Had More Energy, I Felt **Stronger And More Powerful Than Usual.**

Then There Was Something Else, Which I Noticed Happened From The First Day Since I Started The Ritual.

I Would Always Wake Up With Morning Wood.

But Then A Few Days Later, Something Incredible Happened.

As I Got My Ruler To Measure It, My Heart Skipped A Bit.

It Had Finally Happened. [Ed. Note: Why I'm Almost In Tears.]

My Penis Was 1.7 Inches Longer And Its Girth Had Significantly Increased.

I Was So Surprised By The Increase That I Actually Measured It 7 Or 8 Times That Day And Each Time Was The Same — My Penis Was Growing!

Now, After This Initial Increase, The Good News Kept Coming ...

My Penis Was Checking In At 6.82 Inches.

Another Morning I Woke Up And As I Stared At My Ruler, My Penis Was At 7.3 Inches.

Soon After I Was Measuring 7.8 Inches.

But Then It Got Even Bigger.

I Was At 8.4 Inches. [Ed. Note: Any Time-Lapse Photography?]

For The First Time In My Life, I Felt Like A *Real Man*! [Ed. Note: Aw, Isn't That Special?]

But The Results Didn't Just Stop Here.

Other Parts Of My Body Seemed To Grow As Well, I Was More Pumped, More Muscular
Although I Didn't Perform Any Exercises During That Period.

I Would Notice How I Actually Lost A Lot Of That Belly Fat I Had Gained Over The Years.

My Hair Was Fuller, Shinier And My Energy Levels Were Skyrocketing.

And I Can't Even Tell You How Happy I Was To Look Down There And Finally See My
Monstrous Almost Illegal Bulge ... [Ed. Note: Is There A Statute On The Books, Not Unlike
The 1873 Comstock Act, That Sets Statutory Maximum Length On The Grand Male Organ?]

It Was An Extreme Feeling Of Liberation.

Then, One Morning As I Woke Up And Measured My Penis, To My Absolute Shock, It Was
Already At 9.2 Inches.

At That Point, I Was Actually Concerned About My Manhood Getting Too Big.

But Then Again.

That Incredible Feeling I Had Every Morning Like I Was A Wild Animal, The Confidence, The Power I Felt As I Looked Down, Was Too Precious.

So I Decided That I Want More.

I Mean, Why Would I Settle For Less When I Could Have More?

So I Talked To The Elders And Asked For Their Permission To Continue The Ritual And Increase My Penis Even Longer.

At Least 2 Or More Inches.

I Wanted To Impress My Wife When We Got Back From The Island.

But Despite All My Requests And Even Though I Even Offered To Pay **One Year Worth Of My Salary To The Tribe**, [Ed. Note: Which Is How Much?] They Did Not Allow Me To Continue

The Ritual.

I Was Extremely Confident That This Was The *Holy Grail Of Penis Enlargement* And The Thing I've Been Looking For All These Years.

My Lifelong Dream To End The Suffering Of Millions Of Men Out There.

I Just Couldn't Let It Be.

I Managed To Follow The Tribe's Elders For The Next Couple Of Weeks And *Secretly* Write Down Every Plant And Herb They Used In The Ritual And The Exact Way In Which They **Dried, Boiled And Mixed Each One Of The Ingredients.**

As Soon As I Finished My Writings, I Thanked Them And Headed Back To The States To Begin My Work At The Laboratory.

The First Thing I Did Was To Test All The Properties Of Each Plant, Herb And Oil Used In The African Penis Elongation Ritual.

Now, My Job As A Scientist Requires Me To Be Extremely Thorough.

Before I Jumped To Any Conclusions, I Needed Rock Solid Evidence That This Works.

Even Though I've Seen It With My Own Eyes, I Wanted To Make Sure That This Was Not Just A Placebo.

So I Teamed Up With A Colleague Of Mine, Dr Clark And We Started A Double-Blind And Placebo-Controlled Experiment, To Be **100% Sure This Ritual Is Guaranteed To Increase Any Man's Penis.**

The First Thing We Did Was Gather A Group Of 120 Volunteers.

We Specifically Asked Them To Be Between 30 And 60 Years Old, And Wanted To Include Both **Small 2-3 Inch Penises And Long, Monstrous Ones.**

Some Of Them Were **Extremely Difficult Cases.**

Men Who Haven't Had An Erection For Years And Those With The **Severe Small Penis Syndrome.** Senior Americans Who Never In A Million Years Believed They Could Get Back Control Over Their **Manhood** Or Enlarge Their Penises And Keep Their Prostate Healthy.

But Little Did They Know That Their World Was **Soon About To Change.**

In Fact, The Entire Scientific Community Was Going To Change After Seeing The Results Of This Experiment.

But Before I Tell You What Happened Next, Let Me Show You **Something Extremely Strange**
That I've Discovered During Our Research.

And Trust Me, You Don't Want To Miss This!

Because It Was This Exact Moment That Made Me **Finally Uncover The Real Reason Behind**
The Size Of The Male Penis.

You See, During Our Study, Among Other Things, We Asked Our Volunteers To Do Two
Things:

First, They Had To Give Us **Urine Samples Every Morning, For Two Weeks.**

Second, We Asked Them To Let Us Take High Resolution Photos Of Their Penises And
Testicles, Using Cutting Edge Cameras.

All This Under Strict And Absolute Anonymity, Of Course.

What We Found Was That All Men, With No Exception, That Had Penises Under Four Inches
Long, Had **Two Major Things In Common:**

First, Their Urine Had The Same Smell In The Morning.

And Second, They Had Little Red And White Dots, Almost Invisible On The Penile Tissue.

Sure, This Wasn't Just A Coincidence, But What Was Causing All This?

Baffled By What We Had Discovered, Dr Clark And I Began Comparing The Data We Had From Volunteers Who Had A Small Penis With Those With Medium To Long Penises.

We Worked Day And Night For Over A Month And Analyzed All Blood And Urine Samples And What We Found Was Undeniable.

After Decades Of Countless Scientific Studies, This Was It!

We Finally Knew Exactly What Controls The Size And Length Of The Male Penis.

You See, What Dr Clark And I Uncovered Was The Fact That All Volunteers With Small Penises Were Affected By The Medications They Had Taken In The Past, All Of Which Had Left Remnants In Their Bodies.

And This Was Causing **Two Side Effects** In Their Bodies.

First, Their Urine Slightly Smelled Like Chemicals, Similar To Ammonium.

Then, Due To The Long-Term Impact Of The Medications, The Penile Tissue Would Get Tiny Little Red And White Dots.

This Was Incredibly Hard For Us To Discover And It Was Only Possible Due To A Couple Of Things We Did That Truly Make This Study Unique Of Its Kind.

First, We Used 4K High-Resolution Microscopic Cameras From Multiple Angles To Capture Extremely Accurate Photos Of These Men's Penises.

Then Dr Clark And I Used Our Connections And Requested Access To A Quantum Supercomputer That, Using Extremely Powerful Algorithms, Would Search Even The Slightest Things Our Volunteers With Small Penises Had In Common.

Things That Are Impossible To Be Seen By The Human Eye, Yet Very Easy For A High-Tech Computer.

We Entered Data Such As Blood Test Parameters, Age And Gene-Related Information On All Volunteers To Exclude Any Possibility Of Genetic Inheritance, And All The Super High-Resolution Photos We Took.

And What We Found Was Truly Shocking.

Let Me Explain:

The Medical Field Wasn't As Developed As It Is Today ...

Prior To 1950, There Were Barely Any Treatments Available, And Usually It Would've Taken Decades Only To Find Something That Could Sanitize A Wound ...

Even Viagra Was Supposed To Be A High Blood Pressure Treatment, But Then Men who tried It Kept Coming Back For More Because Its Side-Effect Was Stronger Erections.

Most Of What We Know And Use Today As Treatments Have Been Discovered Right With **The Technological Boom, Which Happened Around The 60s.**

Pretty Recent, Isn't It?

Now, My Point Is That Once A New Formulation Or Chemical Had Been Found, **The Researchers At The Time Didn't Have The Right Equipment To Entirely Test The Effects On Humans Rather Than The Visible Benefits ...**

Besides That, The Demand For New Treatments Was At Its Peak As Many Afflictions Couldn't Be Treatable Until That Point.

So Once A New Substance Was Observed To Treat A Specific Symptom Or Condition, It Was Prescribed To Those In Need ...

The Problem Was Not Necessarily This, But The Fact That Children And Toddlers Were Getting The Exact Same Pills And Substances As Adults.

There Was No One To Stop It, There Was Barely Any Regulation In Place.

A Shocking Report By The New York Times In 2021 Unveiled That This Approach Was Not Always Accurate And Far From Being Safe.

You Might Be Asking Yourself, Why Am I Telling You All This ...

So, Let's Bring Chloramphenicol Into Discussion, Which Was An Antibiotic That Was Widely Used In The 1990s To Treat Bacterial Infections In Children.

10 Years Later It Was Found To Cause A Rare But Serious Condition Called Gray Baby Syndrome, Which Can Be Fatal.

Another Example Is Phenobarbital, Which Was Used As A Sedative And Anticonvulsant For Children, Its Use Has Been **Restricted In Many Countries.**

Then Pemoline, A Medication Used To Treat Hyperactivity In Children, Caused Liver Failure.

Hang On, It Gets Worse And In Just A Second I'll Explain What **That Has To Do With The Length Of Your PRECIOUS MEMBER.**

Propoxyphene, A Painkiller Prescribed For Children, Was Later Found To Cause Fatal Heart Rhythm Abnormalities.

Troglitazone, A Type 2 Diabetes Drug, Prescribed To Teenagers, Caused Severe Kidney Damage.

Now, Like These Side-Effects, There Were Treatments And Drugs That Were Later Discovered **To Stop The Development Of The Reproductive System.**

And The Worst Out Of All ...

Methamphetamine: Today It Is Classified As A High-Risk Drug, But Not Long Ago, It Was One Of The Most Prescribed Medicines To Treat Their Obesity And Nasal Congestion.

And It Has Only Recently Been Found To Play A *Huge Role In Stopping* The Normal Growth Of The Penile Tissue.

The Question Now Stands: What Other Medications Did Have Similar Effects.

Ritalin Is One Other Example Of Those, Which Was Linked To Smaller Penis Size In A Groundbreaking Study By Harvard Medical School.

Amphetamines Which Were Used To Treat Throat Infections, Have Been Found To Cause Disruption On The Growth And Development Of The Reproductive Tissues.

Spironolactone: This Medication Was Used For Conditions Such As Heart Failure And High Blood Pressure, But It Was Found To Have **Anti-Androgen Effects** That Could Impact Penis Size.

Ketoconazole Is An Antifungal Medication, And It Also Has Anti-Androgenic Effects, Which Affects Testosterone Levels And Subsequently Influences Penis Size.

There Are So Many More, Antibiotics, Syrups, A Lot Of Them Were So Popular Only A Few Decades Ago, And **Now Are Erased From The Medical Common-Consciousness.**

Not Many People Are Aware Of This, But The Remnants Of Those Medications In The Body Can Have A Long-Lasting Impact On The Size And Length Of The Male Penis.

Although Most Medications Are Metabolized And Eliminated From The Body, They Can Linger For Extended Periods, And **Their Blueprints Get Stored In Fat Tissue Or Other Body Parts** Such As Liver, Kidneys, Bones And Even Hair.

That's Basically The Definition Of Long-Term Side-Effects ...

No Wonder Why These African Tribesmen Have Such Damn Big Junks.

They Have Never Had The Medicine As We Know It, No Technology, They Have Been Living Inside Their Own Bubble, Separated From Modern Science.

Unfortunately, If You Happened To Be Born Anywhere Between The 1950s And Early 2000s ...

If You Were A Treatment For **Random Flu Or A Banal Coughing** When You Were Just A Child Or Toddler ...

It's Likely That You Got The Worst Side-Effect Of All: **The Underdeveloped Penis.**

In The Small Penis Case, It Was So Subtle, If It Weren't For The Super High Resolution Cameras To Take These Incredible Photos Of The Male Penises, We May Have Never Noticed It And The Small Penis Syndrome Would Have Still Been A Mystery For Science.

It Was The Pink Tone Of The Penile Tissue That Was So Common Among All Men With Small Penises That Literally Shocked Us As The Computer Was Printing The Results.

So, To Get Back To The Matter At Hand, If Your Body Is Unable To **Eliminate The Blueprint On Its Own**, Your **Manhood** Will Stay Small, No Matter What You Do.

So The Real Reason Why Your Penis Hasn't Reached Its Natural Size Is Not Genetics Or "God's Gift," As You Were Led To Believe.

But Instead It's All Due To Something Much More Simple, That Can Be Easily Fixed And That's The Side-Effects Of Childhood Medication That Were Later Proven To Have Played A Major Role In Reproductive Development.

Now, The Good News Is That There Are Certain Natural Compounds That Can Eliminate That Blueprint For Good And Stop The Long-Term Side-Effects, That Will Give Your Penis Green Light To Grow.

With Every Erection, Your Penis Will Get Bigger, Larger And Stronger.

The Bad News Is That You'd Have To Go To Africa To Be Able To Get Them.

But Don't Worry, In Just A Minute I'll Show You How You Can Get Past This Inconvenience.

Now, If You Still Wonder If You Are Experiencing The Medication's Long Term Side-Effects,
Here's A Simple Trick You Can Do To Verify This.

Just Go To The Bathroom And Look Over Two Things:

First, Does Your Urine Smell Like Medicine?

And Second, Does Your Penis Have This Pattern Or Similar?

**If Your Answer Is Yes To At Least One Of The Questions Above, I'm Sorry To Say But You
May The Blueprint Can Still Be Found Inside Your Organs.**

Now, According To A 2000s CDC, 3 In 10 Children Got Treated With Meds That Later Were
Found To Have Awful Side-Effects, With **More Than 50% Of American People** Reported To
Have Been Administered At Least 1 In Their Lifetime.

Well That Shouldn't Be A Surprise At All.

Because According To A Recent Study By The Researchers Of The University Of British
Columbia, Canada, 1 In 3 Men Have This Medication Blueprint That Affects Their
Reproductive System And At Least One More Organ.

The End Side Effect?

An Unusually Shorter Penis, Weak To Almost No Erections, Low Sex Drive And What's Worse, Shortening Your Sex Life Span More Than 19 Years.

That's Why, No Matter What You Do, If Your System Is Clogged And Can't Assimilate All These Essential Nutrients, *It Will Be Impossible To Get A Bigger Penis.*

It's Like Trying To Eat Cooked Spaghetti Through A Straw.

Or Better Yet.

It's Like Trying To Pour Water Into A Closed Bottle.

So What Do You Do?

You Open The Bottle First, Right?

Now, Before I Tell You How Simple It Actually Is To Unlock The Key To Super Growth Of Your Penis And Fix All These Years Of Damage To It, Let Me Do A Quick Recap.

Because Of The Blueprint Stored Inside Body Parts Like Bones, Kidneys, Liver Or Hair, Your Penis, As A Long-Term Side Effect, Hasn't Fully Developed To Its Potential.

That's Why Your Penile Tissue, Along With Your Penis And In Some Cases Your Scrotum And Testicles Are Abnormally Small.

For Some Men Their Penis Remains Smaller While Their Testes Get Unusually Large, Or For Other Men, Both The Testes And Penis Are Small.

Since The Blueprint Controlling This Is In Your Organs, Your Body Is Trying To Compensate, Sending Scarce Resources Wherever It Sees Fit And Wherever Is Possible, Due To This Blockage.

But Most Importantly, That's Why Every Organ Of Your Reproductive System, Your Penis, Your Scrotum, Testicles, Prostate, All Of Them Have Been Slowly Deteriorating All This Time.

Ever Since You Were A Little Child, Without You Even Knowing It, Your Reproductive System Wasn't Able To Develop As It Should.

The End Result: A Tiny, Unnatural Penis, Incapable To Get To Its Correct Length And Girth, And Unfortunately What's Even More Scary — A 78% Increased Chance Of Developing Deadly Reproductive Problems.

Now, Getting Back To The Super African Elongation Technique, Dr Clark And I Performed Tests On Over 120 Brave Volunteers Between 30 And 65 Years Old.

Our Compound Had All The Natural Super Compounds, Including The Sacred Herb From The Dagara Tribe Which Basically “Cleared The Blueprint” And Ensured The Side-Effects Vanished For Immediate Penis Growth.

Now I Expected To See Some Results.

But I Sure As Hell Didn't Expect To See Them Coming In **That Fast ...**

It Didn't Take Long Before **Our Phones Were Ringing Like Crazy With All These Men Calling To Tell Us How Their Penis Got 3, 4, And Even 5 Inches Longer.**

I Almost Thought They Were Joking.

But The The Pictures Arrived At Our Mail Servers.

Take A Look At This.

Even The Most Skeptical Ones, To Their Utter Shock, Got An Increase.

But That's Not Even Close To The Good Things That Happened.

100% Of The Participants Reported An Increase Of Over 3 Inches In Just A Few Weeks From Using The Program.

100% Of The Participants Reported An Increase Of Over 3 Inches In Just A Few Weeks From Using The Program.

All Of Them Reported Being Able To Sustain Long, Strong Erections For More Than 30 Minutes ...

They Got Firmer, More Pronounced Body Muscles ...

They Lost Pounds Of Nasty Belly Fat Without Spending Endless Hours At The gym ...

Their Sex Drive, Energy Levels And Sexual Confidence **Literally Skyrocketed ...**

And Their Stamina Increased Significantly.

But Most Important, They All Managed To Generate An Explosive Growth Of Their Penis While Shielding It Against Future Damage And Disease.

It Was Absolute Madness!

I Knew Right Away I Had Two Options.

Either Go Right To Big Pharma And Hand Them Over My Research And Amazing Discovery,
And Hope They'll Take It Further And Share It With Millions of Men.

If I Had Gone This Path, I Knew Exactly What Would Happen.

Worst Case Scenario They Would Bury It Inside A Forgotten Lab To Make Sure No One Would
Ever Benefit From Its Amazing Results.

Or Best Case Scenario, They Would Push It To Countries Trials And Clinical Tests That Would
Take At Least 5 To 10 Years.

**Then Once It's Done, Replace All The Natural Ingredients With Chemical Filled
Compounds, Full Of Side Effects.**

And With A Final Product That Would Cost An Arm And A Leg And Be At Least 10-15 Times
Less Effective Than The Original Formula.

Classic Big Pharma.

Or I Could Choose Door Number #2 And Do What's Right For Millions Of Men Out There
Who've Suffered Long Enough.

And As You Can Imagine, I Wasn't Going To Sell My Soul To These Greedy Jackals.

So I Decided To Take Everything I've Discovered, All My Years 25 Years Of Research And Hard
Work, The Amazing African Penis Growth Breakthrough, The Powerful Natural Compounds
Found Inside This Formula ...

Everything That's Been Proven To Be 100% Effective For Over 160 Initial Brave Volunteers That
I Have Expanded The Erectile Tissue Of Their Penis And **Experienced An Explosive Growth
Of Their Member**, Both In Length And Girth ...

And Put Everything Into A Simple Method That Any Man Could Follow ...

In Order To Safely Add Between 3 And 5 Inches More On Their Penis In Just A Few Weeks,
Enjoy Steel Hard Erections For As Long As They Live And Turbo Boost Their Sexual
Confidence.

So Dr Clark And I Started Looking For Companies That Would Help Us Bring The Plants In Bulk Into The States And Manufacture Them Into Easy To Use Droppers.

The Tribal Elders Had Warned Me That In Order For The Mixture To Work, The Ingredients Had To Be Combined In The Right Order And Exact Quantities.

So All We Had To Do Was To Find A Small, Discreet Company That Would Help Us Put This Formula Into An Easy To Use Dropper.

We Specifically Looked For A Company That Was **Both FDA Approved And GMP (Good Manufacturing Practices) Certified.**

Now This Was Extremely Difficult!

It Took Us Weeks Until **We Found Someone Reliable.**

You'd Be Shocked By How Ignorant Most Of These Companies Are When It Comes To Maintaining The Quality And Purity Of Their Materials.

I Wanted To Scream It Out Load, As I Held In My Hands The Protocol That Would Finally Give Men All Over The World An Explosive Growth Of Their Penis.

We Called It ...

Jungle Beast Pro

With Its Powerful Mixture Of 14 Carefully Selected Ingredients, This 2,000-Year-Old African Penis Elongation Ritual Is The Only One Of Its Kind In The Whole World.

It's A Revolutionary Formula, Developed By Top Scientists And Medical Experts, Including Dr Clark, A Renowned Researcher In The Field Of Urology.

It's **GUARANTEED** To Increase Your Penis By 3, 4, And Even Five Inches In Just A Matter Of Weeks, And Has Already Changed The Lives Of Over 160,000 Men.

Each Ingredient Was Carefully Selected For Its Penis Enhancement Properties.

And When Combined Together In The Right Quantities, All The 14 Superfoods Have The Ability To Generate An Explosive Growth Of Your Penis.

Instead Of Going The Usual Way, Turning It Into Pills, We Wanted To Keep It As True As Possible To The Original Ritual, Turning It Into A Dropper.

This Is Because The Crucial Active Components Become Fully Potent When They Are Absorbed Sublingually, Which Means Under The Tongue.

This Way, They Can Start Working More Quickly And Effectively, As Sublingual Absorption Skips The Digestive System And Lets The Active Ingredients Enter The Bloodstream Directly.

Every Drop Inside **Jungle Beast Pro** Is Made Here In The US, In Our FDA Approved GMP Certified Facility, Under Extremely Sterile, Strict And Precise Conditions.

Our Team Of Expert Scientists, Medical Professionals, And Nutritionists Work Tirelessly To Ensure The Highest Quality And Effectiveness Of Our Product.

The Dropper Is Non-GMO Safe.

It Does Not Contain Any Stimulants Or Toxins And They Are Not Habit Or Tolerance Forming.

Moreover, **Jungle Beast Pro** Is 100% Vegan, Cruelty-Free, And Sustainably Sourced, Ensuring That Our Product Is Not Only Effective But Also Environmentally And Ethically Responsible.

And The Way This Program Works Is Groundbreaking.

Over A Dozen Independent Labs Across Two Continents Have Tested This Program On **2,340**
Men From 6 Countries ...

To Make Sure All Ingredients Can Sustain High Quality And Purity.

Lab Tests Have Shown Us That In Order For This Program To Be Efficient, All The Ingredients
Have To Be Mixed Only In These Exact Quantities In This Exact Formula.

And What We Achieved Is What Most Experts Call A Medical Breakthrough ...

The First Ingredient Is **Beet Root**, Also Known As **Blood Turnip**.

Over The Time It Has Been Cultivated And Domesticated By Ancient Greeks And Romans,
And Later The Nordics Into The Bigger And Potent Herb We Know Today.

Now, The Liver And Kidneys Are The Largest Internal Organs In The Human Body And Are
Essential For Our Survival.

Without Them, Body Tissues, Including The Penile Tissue Would Suffer From A Lack Of
Nutrients And Oxygen, And Digestion Would Be Unable To Occur.

One Of Their Most Critical Roles Involves The Elimination Of Toxins From Our system.

The Exact Same Toxins That Get Stored From Early Medicine Intake.

These Organs Have Not Been Taught, Nor Meant To Flush Such High Powered Nocive Substances, Especially In Early Stages Of Life, So It's Only Crucial And Logical To Lend It A Hand In Doing Their Purpose.

Beetroots Are Packed With Various Nutrients That Contribute To Liver Cleansing And Detoxification. These Nutrients Consist Of The **Antioxidant Betaine**, Which Assists Liver Cells In Expelling Toxins; Pectin, A Fiber That Clears Away Toxins That Have Been Removed From The Liver To Prevent Their Reabsorption Into The Body; And Betalians, Pigments Possessing Strong Anti-Inflammatory Properties That Promote The Detoxification Process Through The Kidneys.

Along With The Next Ingredient, **L-Citrulline DL-Malate**, Which Is A Strong Rare Amino Acid, This Entire Detoxification Process Is 3 Times More Effective ...

And That's Thanks To **L-Citrulline's** Property To Produce Nitric Oxide (NO), Which Is A Vasodilator That Helps To Increase Blood Flow And Oxygen Delivery To Muscles And Other Body Tissues.

This Improved Blood Flow Results In Liver And Kidney Strengthened Function By Enhancing The Filtration And Elimination Of Toxins.

**Now Pay Attention, Because From This Point On,
Incredible Things Start To Happen.**

Once The Blueprinted Toxins Are Out From Crucial Organs, The Penile Regrow Can Happen Again.

Remember That Your Penile Growth Stopped When You Were Just A Kid, It Might Have Been A While Since Then, So This Process Needs To Work At Its Peak, Similar To The One At Puberty In Order To Develop.

Here's When D-Aspartic Acid Comes Into Play.

This Natural Amino Acid Not Only Supports Beetroot And L-Citrulline In The Detoxification Process, But Sets The Ground For The Massive Growth.

It Is Capable Of Reigniting The Release Of Male Hormones And Spreading To The Deepest Parts Of The Body, Including Luteinizing Hormone, Which Is Vital For A Healthy

Reproductive System.

Then, We Have **Panic Ginseng**, Which Has Been Used For Centuries In Traditional Medicine To Treat Sexual Health Problems.

Studies Have Shown That **Ginsenosides**, The Active Compounds In Ginseng, Have Various Biological Effects, Including Anti-Inflammatory, Antioxidant, And Immunomodulatory Properties.

These Effects Support Health And Function, Which Ensures Cell Multiplication And The Penile Tissue Can Finally Grow.

Then, The Only Thing Left Is The Material To Build A Bigger And Fuller Penis, And **That's The Unique And Potent Testosterone.**

Epimedium Sagittatum, Is Known For Being An Aphrodisiac And Praised As A Hormonal Booster.

This Natural Sex Enhancer Generates A Surge In Your Testosterone Levels And Is So Powerful That It Also Repairs The Damage The Medicine Blueprint Has Done To Your Reproductive System.

Studies Have Shown That **Epimedium** Restores Low Levels Of **Both Testosterone And Thyroid Hormones**, Which Account For Improving Sexual Libido As Well As Increased Muscle Mass.

This Plant Also Contains **Icariin** Which Is A Prenylated Flavonoid Compound.

Icariin Restores Nitric Oxide Signaling And Increases Its Production If Its Levels Are Unusually Low And Acts As A Neuroprotectant Exhibiting Anti-Oxidant And Anti-Inflammatory Properties In Response To EDCs And Stress.

It Improves Nerve Function, Libido, Promotes Better Erections And Controlled Ejaculations.

There's More To It ...

Thanks To The Powerful Blend, Every Part Of Your Body Will Start To Transform And Rejuvenate.

Horny Goat Weed, One Of The Star Ingredients Of **Jungle Beast Pro**, Not Only Supports Penis Regrowth But Also Helps Eliminate Bad Cholesterol From The Bloodstream, Improving Sleep, Digestion, And Weight Loss.

Panax Ginseng Also Aids In Treating Type 2 Diabetes, Regulating Cholesterol Levels, And Maintaining Blood Sugar.

While Both **D-Aspartic Acid** And **L-Citrulline** Enhance Athletic Performance, Support Cardiovascular Health And Improve Energy Levels.

The Unique Combination Of These Herbs And Compounds Helps Reduce Stress And Anxiety, Making You Feel Stronger, Happier, And Healthier While Boosting Mental Focus, Memory, And Brainpower.

Ultimately, The Primary Objective Of **Jungle Beast Pro** Is To Help You Achieve Significant Growth For Your Penis While Reversing The Potential Side Effects Of Medications That May Have Impacted Your Size.

**Every Morning You'll Wake Up Stunned By
The Growth You're Seeing.**

And The Confidence This Gives You And The Powerful Feeling Of Greatness You Project, Will Make You A King Among Men And Women.

Now, You Probably Have Two Questions By Now.

First, How Do I Get My Hands On This?

And Second, How Should I Take **Jungle Beast Pro**?

When We Created **Jungle Beast Pro** We Knew That In Order For This Formula To Work, We Had To Source Only The Highest Quality Ingredients.

This Makes Our Ability To Keep High Stocks On Hand, Almost Impossible.

And Then There's All The Men Who've Used **Jungle Beast Pro** And Experienced **Massive Success With Increasing Their Manhood.**

They Are All Coming Back For More.

For Themselves And For Their Best Friends, They Want To Make Sure We Don't Run Out Of **Jungle Beast Pro** And They're Left Out.

This Makes Our Stock Run Out In Days, Every Time A New Shipment Arrives.

Plus We're Only Able To Produce **Jungle Beast Pro** In Small Quantities, Since Finding High Purity Ingredients Is Extremely Hard ...

This Is The Only Way To Make Sure We Keep The Formula 100% Effective.

Now, Since You're Here, Your Package Is Reserved.

But If You Leave This Page, We Cannot Guarantee Supply When You Come Back. [Ed. Note: Sound Familiar?]

Then, Regarding How You Should Use **Jungle Beast Pro**, The Answer Is Simple.

Apply One Dose Of 2ml And Hold It Under Your Tongue For A Couple Of Minutes To Experience Noticeable Results. You Can Use It In The Morning Or After Your Brushing Routine.

This Way, The Active Ingredients Can Get To Work As Soon As They Enter The Bloodstream, Bypassing The Digestive System And Going Straight To The Liver.

The Longer You Let The Dropper Formula Stay Under Your Tongue Before Swallowing, The More Effective It Will Be. You Can Also Swallow The Remaining Liquid After The Absorption, Which Still Guarantees Optimal Effects.

Don't Worry, Even Though It's **Sugar-Free**, It Still Has A Pleasant Strawberry Scent. We We're Very Proud Of Our Work, But The Most Challenging Part Was Just Beginning.

All The Ingredients Have Been Clinically Tested And Are Scientifically Proven To Increase The Erectile Tissue Of Your Penis And Make Your Manhood Healthy Again, With The Very First Dose You Take.

Of Course, The Primary Objective Of This Formula Is To Eliminate The Long-Term Side-Effects Of The Early Medication, So That Your Manhood Can Get **Stronger, Harder And Longer**.

Now Based On The Damage On Your Penis Level, Your Blood Oxygenation And Testosterone Levels, It's Not Going To Be Easy.

Your Penis Is **Practically Guaranteed To Grow At Least 3 Inches**, But How Will That Help You If Your Erections Don't Last For More Than 5 Minutes.

And Your Penis Is In **Constant Danger Of Infections And Other Deadly Diseases**, Because Of Low Testosterone Levels And High Amounts Of Toxins Found In Your Blood.

Sure, You Will See The **External Improvements Fast**, But The Internal Ones, Well, They May Take Longer To Heal.

That's Why, After Analyzing The Results Of **Over 160,000 Men** Who've Successfully Used This Program, We Recommend Taking At Least Two Bottles Of **Jungle Beast Pro** Over A Period Of 60 Days.

And If You Want To Be Completely Safe And Don't Take Any Chances, We Recommend You Take **At Least 4 Bottles** *Or More*, Over A Period Of 120 Days.

This Way You'll Be **Absolutely Sure** Your Penis Achieves Its Full Length And Girth And Stays Healthy And Strong For The Rest Of Your Life.

Tens Of Thousands Of Men Have Used Jungle Beast Pro With Mind-Blowing Results.

The Average In Length And Girth For Each One Of Them Is Absolutely Staggering.

They Also Experience Bigger, Longer Lasting Erections For **Maximum Pleasure And Intensified Orgasms.**

Their Sex Drive And Energy Levels Are Skyrocketing.

And Their Confidence Levels Are Holding High And Strong Due To Their New, Increased Penis Size.
