

# Aw, Save The *Pre-Viable* Baby Fetuses?

———— pfuck ‘em ————

[Ed. Note: This Vile, Vulgar, Over-The-Top Mini Polemic On Abortion (And Sexual Freedom) Is Squarely Directed At These Faaaar Right Evangelical **CONTROL FREAKS** Who Possess The Singular Bible-Inspired Ability To Mind Everyone's Business But Their Own. The Outright Denial, Severe State-Sponsored Restriction And *Desired Prosecution* Of Women's Access To Reproductive Health i.e., **ABORTION**, Is Steeped In The Evangelical [Male's] Grand Design Of Women's Subjugation And Impoverishment. Furthermore, These Devout Control Freaks Even Have General Terms For It: **COMPLEMENTARIANISM & BIBLICAL PATRIARCHY**. And If All Of That Is Insufficiently Cynical For You, Try This: As Any QAnoner Worth Their Salt Might Otherwise Tell You, Opposition To Abortion Is A *False Flag* Endeavor. *These People* Care FAR MORE About The Propagation Of **THEIR POWER** Than The Sanctity Of Any Fetus ANYWHERE. The *Reality* is **PEOPLE GONNA PFUCK**. It's What We Do. And "**We**" Have Been *Doin' It* For Millenia — More Than Six +/-, arf! arf! arf! And Believe It Or Not, Some *Devouties* Have Even Been Known To Do It OUTSIDE The Confines Of The Blessed Sacred Covenant Of *Their* Marriage And Perhaps That Of Someone Else. Behold The *Testimony* Of Larry Alex Taunton, Or The Evangelical Princess, Becki Falwell.]

At The End Of The Day, It's...

**YOUR UTERUS, YOUR VAGINA, YOUR BODY, YOUR HEALTH, YOUR LIFE**  
**SO, DO TELL: WHO SHOULD CONTROL ALL OF THAT?**

The Guvmint? A Pastor? The *Sperm Donor* In Question? Or *You And Your Doctor*?

So, You're Cordially Invited To Rise Up Into Your Full, Upright & Locked Position And  
*Resoundingly Reject* Their Faux-Christian Bullshit That Life Begins At *Conception*.

DEMAND Your *Secular* CONSTITUTIONAL RIGHT To *Freely* Engage In *Risk-Free\** Recreational Pfucking.

*We The People    We The Secular    We The Heathens*

### ————— *Keep Your Rosaries Off My Ovaries* —————

So You Know, Peeple, I Don't Harbor Any Particular Erection Against Fetuses — Just *Certain* Christians. As A Knuckle-Dragging Male (68), I Will Never Experience The *Joys* Of Pregnancy (Atheist Thanks Your *SkyDaddy* Here). Medical Science — ACOG, Not Fauci (Thankfully) Has Determined That Fetuses **DO NOT** Experience The Sensation Of Pain **PRIOR** To 24 Weeks' Gestation Which SCROTUS Affirmed In Casey. Like The **MAJORITY** Of *Sensible* Americans, Protection Of Fetuses Within The Range Of Say, 18 To 24 Weeks And Beyond Seems *Reasonable*. With The Burgeoning Medical Tech (And Meds In This Space) Women Will Have The Time They *Wholly Deserve* To Make The Most Personal Decision Imaginable — To Carry A Pregnancy To Term, Or To Terminate. As Someone Who Early On Made The Carefully Considered Decision To Raise Canines In Lieu Of Children... *What? Oh, You're Welcome. I Understand. My Decision To Not Propagate My Unfortunate Genetics Was One Of My Better Societal Decisions. That Said, I'm Very Much Of The Opinion That Men Should Have Next-To-Nothing To Say About Abortion. Whether You're A Husband, Daddy, Boyfriend, Or Rapist — We're Sperm Donors. That's It. You Know... Thrust, Squirt, Roll Over & Snore.* In Fact, I'd Go So Far As To Prohibit Men From Introducing Or Voting On Abortion-Related Matters. *Seriously.* Abortion Is An Issue That Should Be Resolved By... *Women!*

- \* As You Hopefully Know By Now (Unless You're A Hopelessly Immature Pfucking Moron) Everything In This Life Contains Varying Degrees Of Risk, Which Most Certainly Includes Engaging In The Act Of Male/Female Intercourse. (Please Refer Below To My Commentary On *Sex Is Never Trivial, It's A Life And Death Act* By Kylee Griswold.)

Furthermore, These Pro-Life Folk *Lie* About Everything. Take These So-Called Pregnancy Crises Centers That Are Strewn Across The Lone Star State. Formally Known As The — *Texas Pregnancy Care Network*, [www.TexasPregnancy.org](http://www.TexasPregnancy.org). Can One Really Expect To Receive Comprehensive And **UNBIASED** Information From A State-Funded Organization? Especially, In A GOP-Run State Like Texas Which Is So Incredibly Hostile To Women's Reproductive Rights And Freedoms, And Overseen By A *Vile, A\$\$WHOLE Son-Of-A-Bitch Like Texas AG, Ken Paxton*. Here's The Language At The Very Bottom Of The Texas Pregnancy Site: "A State Of Texas Health And Human Services Commission Program."

Finally, I've Read Claims By *These People* That Some 50 Million Fetuses Have Been Snuffed-Out, Murdered, Etc., Over Some Extended Period Of Time, Perhaps A Couple Of Generations. But Take A Moment To Consider This So-Called *Fetal Holocaust* From An Economic Perspective. To Wit,

This Would Represent Some 50 Million *Fewer* Peeple Out There In The Market Competing For Your Dead-End DawgShit J-O-B. Who The Hell Needs *That*?

## ABORTION & FALLING BIRTH RATES

*Why They're A Wage Slave's Besties. Yar They Are!*

- \* As With Most Thangs In Life, The Notion Of *Risk-Free* Recreational Pfucking Is A Fantasy — From STIs To Unwanted Pregnancy To Hurt Feelings e.g., "Is That All You Got?" For A Few Years I Followed A Right-Of-Right Christian Site — [www.thefederalist.com](http://www.thefederalist.com) Which Is Headed By Good Golly Miss Mollie Hemingway, Who's A Talking Head And Proud Graduate Of Hillsdale College. Just Over Two Years Ago, The Aforementioned Ms Griswold Posted The Also Aforementioned *Sex Is Never Trivial*. I Found Ms Griswold's Piece Exceptionally

Thoughtful, Elegantly Argued (And Presented) And Obviously Heartfelt. In The Transcription Of The Piece, I Engaged In A Lot Of Editorial Snark As I'm Wont To Do. That Said, Out Of A Certain Respect For Ms Griswold, There's Also A Fully Unedited Version (Expect For Some Editorial Emphasis.) I Hope That All Y'All's Will At Least Read The Latter Version. My Only Issue With Ms Griswold's Perspective Is This: I DO NOT WISH FOR IT TO BECOME THE OFFICIAL POLICY MY GUVMINT — LOCAL, STATE, OR FEDERAL.

I Cannot Recall The First Time I Happened Upon The *Earthy* Urban Expression, **FUCK BUDDY** (Hereinafter Called PFUCK BUDDY). I Spent Some Time Clickin' 'Round In A Fruitless Endeavor To Identify The Individual To Whom The *Wonderful Coinage* Of PFUCK BUDDY Should Be Properly Attributed. What An Inspired Bit Of Linguistic Virtuosity!

**WEWORK** If You Were Not Offline In A Cave Somewhere Throughout The Second Decade Of The 21st Century, You Will Recall The Meteoric Rise And Spectacular Crash Of Israeli Entrepreneur Adam Neumann And His *Unfortunate, Neurotic* Wife, Rebekeh. Anne Hathaway Did *That Woman* The Undeserved Favor Of A Lifetime In The 2022 Series *We Crashed*. The Series Was Preceded By The Incredible 2021 Book By A Pair Of WSJ Reporters, *The Cult Of WE: Adam Neumann, And The Great Startup Delusion*.

But You'll Be *Pleased* To Know That The Neumann's Have A New, Shiny, And Well-Funded Real Estate Venture — [www.flowglobal.net](http://www.flowglobal.net) — Which Included A \$350 Million Investment By The Silicon Valley Eminence, Marc Andreessen. But, Remember, *Peeples*, Shit Always *Flows* Downhill, Never Up.

In An Unrelated Matter, Does Anyone Recall The Late 1975 (Holiday Season) Phenomenon That Was The **PET ROCK**? An Enterprising Fellow Named Gary Dahl Sold 15 Million Of These *Low Maintenance Puppies* At \$3.95\* Per And Made A Cool (Very) \$15 Mil. Why, I Be Thankin' There's An Opportunity Here For The *Grand Master Of Schlock* — **THE DONALD** — To Reprise One Of The Great Gifts Ever. In The Year Of *Their* Lord, 2024 — How Much Might A **TRUMP** PET ROCK FETCH? Plus, The *Bundling Synergies* — **TRUMP** PET ROCK, **TRUMP** BIBLE, **TRUMP** GOLDEN SNEAKERS, **TRUMP** WINE, **TRUMP** VIBRATOR, ETC. [\* \$23.35 In May 2024 Dollars.]

Who Could Have Imagined That *We The Peeples* Would Have Voted To Install In The White House The Most Shameless *Huckster* Imaginable — And Well Might Do It Again — Pfuuuck!!!

[What? Who The Pfuck Are You? What Does The Above Have To Do With Fornication, Abortion And The Like? Not A Goddamn Thang, Obviously.]
