Hey, Love!

Can we talk about what women really want?

I know for me, it's all about the build-up.

There's nothing like a night where the foreplay lasts just as long as the main event—because, let's be honest, the anticipation is where the *real* magic happens.

Here's how my perfect night goes...

It starts slow.

A few kisses turn into more...

And before I know it, my boyfriend is pulling out my favorite little clit stimulator.

You know, the one that teases just enough to get you wet but keeps you craving more...

That's when the sparks really start flying.

But he doesn't rush.

Instead, he grabs our wand massager, trailing it down my neck...over my breasts—those vibrations are perfect for nipple play, and honestly, it drives me crazy.

I can't help but arch into it, especially when he starts to circle it lower...knowing exactly what he's doing.

By the time he slides the butt plug in—something small and comfortable, just enough to add that extra layer of intensity—I'm already dripping.

That's when the real fun begins.

With each touch, each sensation, it's like my body is in overdrive, edging closer to the point of no return.

edging closer to the point of no return.

The best part?

He's still taking his time.

So before we even get to the grand finale, I'm practically begging.

When he finally pushes inside me, I'm so sensitive, every movement feels electric.

But here's where it gets really good...

He's wearing this **cock ring** that makes him *rock hard*.

And I can feel the extra pressure with every movement.

The way it grips him makes every thrust feel fuller and deeper, and it drives me absolutely wild.

Between the clit stim, the plug, and him moving inside me...let's just say I don't last long.

But that's okay because, honestly, that's what I want.

Fast, hard, and a finish that makes me feel completely spent.

And then, when I think it's all over, he pulls out the wand again to make sure I c*m one more time.

Because that's the thing about great sex—it doesn't end until you're both *completely* done.

That's my kind of night—intense, slow, and full of all the right toys.

Trust me, the combination is heaven. 😊
